## Refuge From The Heat?

REFUGE FROM THE HEAT -- In search of a cool spot to hide last weekend, this photographer spied the oasis-like scene, above, in Santa Barbara. As the temperatures soared into the

90's here last week, the temperature at this Santa Barbara mission was actually 101. It doesn't look that hot does it!

## Parking At UHS — Closer To Reality

UPLAND -- A cost-sharing plan has been proposed by the City of Upland to provide paved parking along Foothill Blvd. west to Upland High School.

The offer was made during a meeting of the Chaffey Union High School District board of trustees.

LONG SOUGHT Improvement of the 1,300-foot-long dirt strip

which extends 45 feet back of the roadway, has been sought for more than two years by the city, however, Upland officials had not previously offered to share a portion of the cost.

Council members Zella Stone and Max Hawkins, in making their request to school trustees, indicated the renewed interest stemmed from current city beautification

work. "The Foothill Blvd. frontage is an old story, and we have been delegated to encourage you to include it in your next budget. We're currently undergoing a project of beautification -- trying to make Upland beautiful," Mrs. Stone said.

"MIGHT SHARE" She said if the 45-foot setback strip were dedicated to the city "... we

might engage in sharing the improvement cost of approximately \$28,000 to the extent of \$8,000 or 28 per cent, whichever is less."

Mrs. Stone reported that the city engineers believed the installation of curbing and paving would permit diagonal parking for 75 automobiles with a west to east one-way traffic pattern.

Board president Ben

Allen said the trustees were aware of the unsightliness of the high school's northern frontage, but had been deterred from making improvements because of the cost and drainage problems along San Antonio Avenue.

### IN STAGES

"We may be able to do this in stages but first we have to decide if it's feasible economically," Allen said.

Board members asked James Clark, director of facilities, to discuss the project with Upland officials and report results at the next board meeting.

"We know you're aware of the problem, but the only way something will get done is if someone brings it to your attention. We want it done very badly," Councilman Max Hawkins told trustees.

## Boy, 5 Victim Of Motorbike

UPLAND -- A five year old Upland boy who was hit by a motorcycle on Thursday, May 23 died Monday at San Antonio Community Hospital.

The boy is Mark E. Hammack, son of Mr. and Mrs. John Hammack, 1190 W. 15th St.

He suffered head injuries and had been listed in poor condition at the hospital.

The accident happened on Mountain Avenue near to 15th St.

Funeral arrangements are pending today at Richardson - Peterson Mortuary in Ontario.

Randall Geary, 16, of 1193 W. Seventh St., Upland, told investigation officers Gerald Emerson and Richard Gibbins he saw the boy stand on the curb then suddenly run into the street.

## Planners Ok Building Upland Mennonite Church

UPLAND-The Planning Commission Thursday night approved a plan to build a two-building Mennonite Church in what is now a lemon grove on the south side of 13th Street east of Mountain Avenue.

The request was made by the Seventh Street Mennonite Church, Inc., now located on the corner of Campus Avenue and Seventh Street.

The new church would serve Montclair, Ontario, Upland and other nearby cities. It will consist of a sanctuary, fellowship hall and educational building. The sanctuary will be designed for a congregation of more than 450 persons.

Mark Alexander, realtor, told planners, Thursday night his firm had been looking for a site for more

than a year for the church and the proposed site was ideally located in a residential district near a school.

The church, if allowed to build by the City Council, will dedicate to the city with all improvements a 60-foot-wide public street right-of-way, along with a 20-foot-wide public alley right-of-way. The south half of 13th Street along the property line also will be improved.

Also to be constructed is a five-foot decorative masonry wall along the south and west boundaries of the site. There will be a parking lot large enough to accommodate the congregation.

Construction will start within a year after final approval.

## Concourse Open Sat. To Traffic

Upland's downtown area will be opened to traffic officially, Saturday, June 1, according to a report released this week by Tony Malone, manager of the Chamber of Commerce.

If work continues as scheduled, the entire project should be finished by the set completion date three weeks from now.

The following in a detailed resume of expected day to day changes which

will be seen along Ninth Street and Second Avenue.

By the end of this week all of the Ninth Street Concourse should be open to traffic. On Tuesday, May 28, the north drive of Ninth St. should be open

with traffic entering at Third Avenue and Ninth Street and exiting at First Avenue.

On Wednesday May 29, the south drive of Ninth Street west of Second Avenue should be open with traffic entering at First Avenue and circling the center drive to exit via the north drive. Then finally on Saturday all of the Ninth Street Concourse should be open with drivers able to enter at either end at First Avenue or at Third Avenue and to exit at either end.

Three new items will appear on the Concourse this week. Concrete parking stops will be installed along the Ninth Street Concourse. Some of the special U.T.C. signs will be installed early in the week.

On Wednesday five of the white concrete trash receptacles will be delivered and placed along the Ninth Street Concourse.

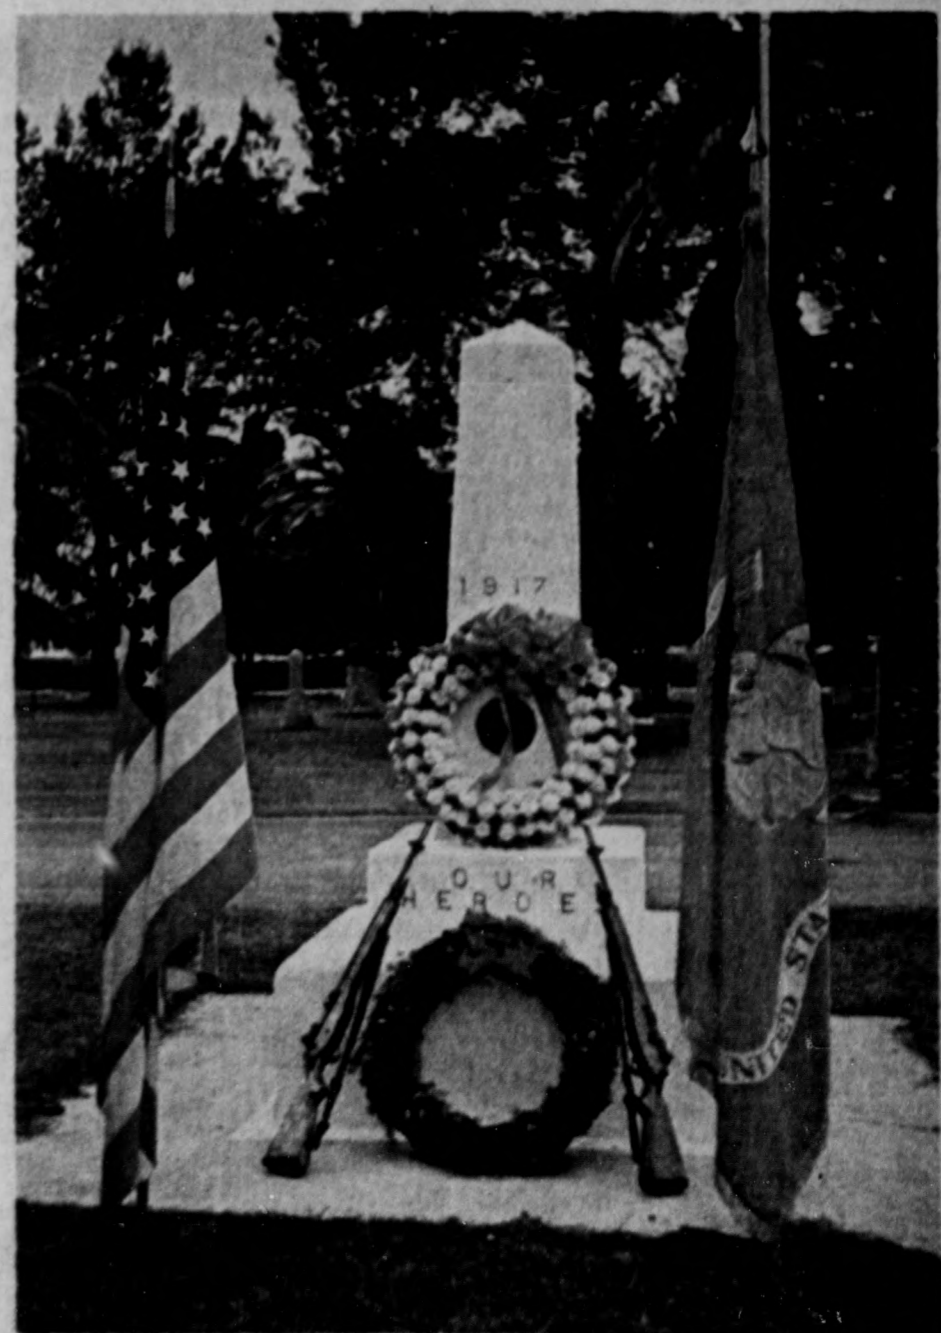

## Trash Pick-Up As Usual On Memorial Day

The regular schedule of refuse collection will be in effect Thursday, May 30, Memorial Day, according to Doc Whitfield, sanitation supervisor for the city of Upland.

Whitfield requests that residents have trash out early as pick-up will be completed by 7 a.m.

COMPLETED LOOK OF THE TOWN CENTER is exemplified by the 9th St. section west of 2nd. A brick walkway through the center of the street, street trees, center planters, and middle of the road parking sets off the old town look.

"Lest We Forget"

LEST WE FORGET -- Memorial Day is Thursday, May 30. Each year the nation singles out one day to remember the heroes and victims of war. This Memorial Day take time out to remember the price they paid for freedom.

AWARDS were given to (l-r) Mrs. Virginia Keaton, Claremont; Mrs. Lois Craig, Upland; Mrs. Frances Shanks, Pomona; and Mrs. Louise Shawkey, Upland, for their more than 100 hours of volunteer ser-

vice given to the Casa Colina Hospital in Pomona. The women were honored at a buffet dinner last Wednesday evening.

## Casa Colina Honors Volunteers

Casa Colina Hospital's 120-plus volunteers were honored for their many hours of service to the hospital, last week.

Volunteers and their families enjoyed a gourmet buffet dinner, followed by a program which featured guest speaker Fred Sharp, Pomona City Administrator.

Sharp came to Pomona in 1949, and one of the first persons he met was Mrs. Frances Eleanor Smith, co-founder of Casa Colina. He went on to say that volunteers in every profession are the backbone of our society; that since the Revolution, America's army of citizen volunteers has distinguished her from other nations.

"Experts, alone, are not enough," said Sharp. "As at Casa Colina, problems of city, state and country must be solved on a people-to-people basis." Mr. Sharp compared "volunteer" with "contributor," stating they were synonymous.

In support of Sharp's praise of the volunteer program, Richard T. Moore, administrator of Casa Colina Hospital, reported that because of the conscientious effort contributed by hospital volunteers during the fiscal year 1967-68, Casa Colina was able to provide over \$210,000 worth of free service to physically disabled patients.

Awards to adult volunteers were presented by Mrs. John C. Silliman, president of the Quaker Cousins of Casa Colina, and wife of the president of the hospital's Board of

Directors. Recipients are:

Mrs. Rose Coulson, Miss Nancy Gale and Mrs. Louise Shawkey, 100 hours; Mrs. Virginia Keaton and Mrs. Blodwyn Saucerman, 500 hours; Mrs. Frances Shanks, Mrs. Lois Craig and Mrs. Cherre Sadler, 1,000 hours; Miss Sally McBride, 2,000 hours.

The ladies of the East Side Thimble Club were awarded a certificate to commemorate their 29 years of service to Casa Colina.

Mrs. Walter Phares, past president of the hospital auxiliary and advisor to the Junior Volunteer program, announced that last year's scholarship winner, Miss Judy Sanford, presently a student at Mt. San Antonio College, had been awarded another \$100 toward her paramedical education. This year's \$100 scholarship was awarded to Miss Ann Povlsen, who enters Mt. SAC in the fall.

Junior Volunteers awarded service pins are:

Misses Lynn Bienvenido, Jane Blickenstaff, Jeanne Cox, Janice Giovannazzi, Joy Harkinson, Cheryl Hughes, Bobette Nagy, Marilyn Pierce and

Kathie Whitchee, 50 hrs. Misses Cathleen Collins, Paula Dahlen, Karen Norsiek, Barbara Talbott, Debbie Wingerath, Irene Helwick, Marilyn Blatz, Ann Povlsen and Betsy Stone, and Mr. Ben Gujardo, 100 hours.

Misses Betty Poe, Linda Wiens and La Vonne Smith, 300 hours.

DAUGHTERS OF THE REVOLUTION INSTALL -- The San Antonio Chapter of the National Society of the Daughters of the American Revolution installed their new officers at the Upland Inn Monday. Shown at the luncheon are Mrs. John J. Champlieux, ex-reporter general to the Smithsonian Institution, Mrs. E.J. Dahlstrom, incoming regent of the San Antonio chapter, and Mrs. Forrest Bassford, past regent of the Peace Pipe Chapter, Denver, Colorado.

## Five Hours Of Solid Bridge

UPLAND--Members of the West End Symphony League's round robin bridge tournament rounded out another year

and bridged a five hour playing period by playing bridge at the final luncheon held Wed., May 22, at Diamond Bar Country Club, Whew!

Amidst talk of tricks and trump, 62 women took a - morning - "bridge break" - for - coffee and rolls.

Following a 12:30 luncheon, tournament winners for the past year were announced. Taking first place for day players were Mrs. Glenn Markle and her daughter, Mrs. Charles Mycoff. Second place winners were Mrs. Herschel Glenn and Mrs. Harold Royaltley.

Winners for evening play were Mary Stone-

man and Kathy VanSteinberger. Mrs. Allyn Scheu and Mrs. Royer Fudge were awarded second prize.

Mmes. Royce "orgaard, Samuel Kobri, ky and Howard Moon were given prizes for the morning's play.

# ORDINANCE NO. 824

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND AMENDING UPLAND MUNICIPAL CODE, ARTICLE II, CHAPTER 5, BY REVISING THE RATE OF TRANSIENT OCCUPANCY TAX AND DELETION OF EXEMPTIONS.

The City Council of the City of Upland hereby ordains as follows:

# SECTION 1.

Section 2530.3 of Article II of the Upland Municipal Code is hereby amended to read as follows:

# Section 2530.3 - Imposition, Generally.

For the privilege of occupancy in any hotel, each transient is subject to and shall pay a tax in the amount of five per cent (5%) of the rent charged by the operator. Said tax constitutes a debt owed by the transient to the City which is extinguished only by payment to the operator or to the City. The transient shall pay the tax at the time the rent is paid. If the rent is paid in installments, a proportionate share of the tax shall be due upon the transient's ceasing to occupy space in the hotel. If for any reason the tax due is not paid to the operator of the hotel, the Director of Finance may require that such tax shall be paid directly to the Director of Finance.

# SECTION 2.

Section 2530.4 of Article II of the Upland Municipal Code is hereby deleted in its entirety.

# SECTION 3.

This ordinance shall become effective July 1, 1968.

## Delay Action On Laundromat Attendant Law After Protest

UPLAND -- The City Council tabled for two years an ordinance which would require all self-service laundromats to have an attendant on hand after 9 a.m. and through the night, after strong protests from laundromat owners complaining that it would impose a hardship.

At the present time no laundromats in the city stay open around the clock.

Owners explained that their business is a small operation with a slight margin of profit and that it would cost about \$180 a month and would result in hardship upon them.

The proposal was apparently drafted to protect women who go to laundromats at night and also to reduce the chances of robbery and vandalism--even though such incidents have been rare. And, the operators added, only two cities, in Southern California require an attendant--Montclair and Torrance.

## Scout Troop 640 Placed Third

The Hawk Patrol of Alta Loma Boy Scout Troop No. 640 placed third overall in the Old Baldy Council, Serrano District's Camporee, held May 3-4, in an area northwest of Red Mountain.

Troop No. 640, sponsored by the Cucamonga District Lions Club was one of 13 troops and the "Hawk Patrol" was one of 40 patrols engaged in contests relating to scout skills. Awards were predicated on accomplishments.

Members of the patrol were, patrol Leader and Life Scout Pat Bryan, Tenderfoot Scouts Randall and Kendall McKee, Frank Hawker and Doug Jones.

The troop was under the leadership of Ed Barnes, acting Scoutmaster.

Montclair's ordinance was passed as a direct result of an incident earlier this year when a child was severely burned by tumbling around in a clothes dryer for several minutes. She apparently had been pushed in "by some big kid."

Owners Tuesday night pleaded with the council not to burden us with this extra cost.

But Councilman James Christensen pointed out that just because an incident such as occurred in

## Weed Abatement Launched By Fire Dept.

CUCAMONGA--Fire Inspectors Joe Longo of Alta Loma Fire Department and Ben Mackall of Cucamonga Fire Department, have coordinated a plan for the annual Weed Abatement program in the area, with notices going out to all property owners.

The program is patterned after the highly-successful one initiated under the supervision of the two inspectors last year. The intensified program proved to be such a success that only three cases in Alta Loma and three in Cucamonga became court cases when owners failed to destroy weeds within the deadline.

Working with the approval of Fire Chiefs Gene Billings of Alta Loma and Arvid Lewis of Cucamonga, the inspectors are sending notices which demand the abatement of weeds and removal of debris immediately.

"We were well satisfied with the response last year," said Longo. "We hope to get the same kind of cooperation again this year. Some of the people have already completed their clean-up before receiving the notices."

The same rules on weed abatement will apply from last year's program.

Montclair hasn't happened here. "It doesn't mean it won't."

But Councilman Ronald Rositter spoke against the proposal: "You're in effect saying there can be no unattended business at any time, anywhere."

It was suggested the city management consult, with Police Chief John Wessly to see if there was in fact a problem at the laundromat. The council put off action until its next meeting.

They are as follows:

--Destroy all weeds on parcels under five acres.  
--On parcels over five acres, provide 40-foot-wide firebreaks around the perimeter of the property and divide into two and one-half acre parcels with 40-foot wide firebreaks.  
--Provide a 40-foot-wide firebreak around all structures.  
--Destroy all weeds in all groves and vineyards. In grain fields these rules apply:

--Within 21 days after harvest, owner shall provide 40-foot-wide firebreaks around the perimeter of the property and divide into two, two and one-half acre parcels with 40-foot-wide firebreaks.  
--Owners shall remove and/or clean up accumulations of dead trees, rubbish, abandoned structures, neglected windbreaks and abandoned groves.

The inspectors have added a clause this year demanding that neglected windbreaks shall be cleaned 15 feet above the ground, and all debris removed from the banks.

## Upland Ups Hotel, Motel Tax From 4¢ To 5¢ Per \$1

UPLAND--Starting July 1, tourists and traveling men will pay one cent more in motel and hotel taxes--five cents per each \$1 as a matter of fact.

The City Council, at its May 21 meeting increased the transient occupancy tax from four to five per cent, over the objections of Ted Lyman, owner of the Uplander Motor Hotel. Lyman was not able to attend the meeting to voice his objections but did call from Arcadia a few minutes before the meeting to seek a postponement on the issue until he could present more evidence.

Following the vote, Councilman Ronald Rositter moved to send a letter to Lyman indicating the council did not approve the tax cynically or rashly but did so after much thought.

At an earlier meeting Lyman said the new tax would be a hardship to hotel and motel operators and the tax itself was discriminatory.

Proceeds will be used to provide funds for such projects as beautification of Euclid Avenue and other tourist attractions and it will also be used to attract the tourists to the city.

What the ordinance says: "For the privilege of occupancy in any hotel, pay a tax in the amount of 5 per cent each transient is subject to and shall pay a tax in the amount of 5 per cent of

the rent charged by any operator.

"Said tax constitutes a debt owed by the transient to the city which is extinguished only by payment to the operator (of the motel) or to the city."

It goes on to say the transient must pay the tax at the time the rent is paid and any unpaid tax will be due upon the transient's ceasing to occupy space in the hotel.

## 4 Upland City Appointments

UPLAND -- Four city personnel appointments have been approved and will become effective June 1.

They include: Jack Hipple, principal engineering aide, permanent status; Ronald Sommerhouse, police patrolman, probationary status; Steward Devels, skilled craftsman; and Richard Gibbons, patrolman, permanent status.

## Upland Tops \$672,000

Building for the month of April in the County areas of Ontario, Chino, Upland, Cucamonga, and Etiwanda totaled \$672,881 according to the County Division of Building and Safety.

The monthly total represented 76 building permits in a variety of categories.

Eleven permits were issued for single family

## Friends Of Library Plan New Facility

UPLAND -- The Friends of the Upland Library held their first annual meeting Wed., May 23 at the City Hall and reelected the same slate of officers which has served during the past year.

Judge Henry Bush will again serve as president and installation services are planned June 14 at the Upland Inn.

At Wednesday's meeting, members appointed Mrs. Glenn Deal, vice-president, and Dr. Harry Wisner, a member of the board of directors, to work with the city council and the concourse committee in providing a book exhibit during the concourse opening activities.

The Friends group has now been approved by the Internal Revenue Service as a non-profit organization as it was previously approved by the State Franchise Board, it was announced.

Memberships are still open at 50 cents per year for elementary school children; sponsor memberships at \$100 annually and regular memberships at \$1 per year.

Discussed as future events when the new library is opened in the fall is the possibility of a book sale and also for Sunday musicales with the cooperation of the West End Symphony organization.

Mrs. Ronald Rositter will be asked to cooperate on the musicale program.

## Fencing Scheduled

Fencing instructor George Weidmann will again teach fencing this year in Upland's summer recreation program. The fencing program will begin June 3.

Classes will be Monday, Wednesday and Friday evenings, 6 to 9 p.m., at the Community Building in Memorial Park on Foothill Boulevard.

## Youth Awards Given At YMCA Banquet

John Johnson and Sandy Dhuyvetter were selected as the Ontario-Upland Y.M.C.A. Hi-Y Boy of the year and Tri-Y Girl of the year. This \$100.00 scholarship is given to the outstanding senior boy and girl high school 'Y' member by the R. Fred Price Foundation.

Johnson and Dhuyvetter are seniors at Chaffey High School and have been active in Y.M.C.A. activities for the past 3 years. Johnson served as 1967-68 'Y' Council President; 67 Kampus Kut - Ups Chairman; President of the Praecellans Hi-Y in 1966 - 67; and member from 1965-68; Youth and Government delegate in 1967 and Senator in 1968; Asilomar delegate in 1968. Was selected to serve on Area and National Hi-Y Councils, and will be a 'Y' day camp leader this summer. He is the son of Dr. and Mrs. Vincent Johnson, 662 Harvard Pl. He plans to attend University of Southern California next fall.

Dhuyvetter, daughter of Mr. and Mrs. Joe Dhuyvetter, 352 Berkeley Ct., has been active in the activities of the Deucalians Tri-Hi-Y since 1965 as chairman, Chaplain, secretary, and member. She is the 1967-68 'Y' Council Corresponding Secretary and has been involved in Kampus Kut-Ups in 1967-68; the Spring and Fall Retreats; and assisted with club officer training. Other activities include Youth and Government; elected Assemblyman 1968; designed the Pacific Southwest Area 'Y' World Service certificate; helped plan the 1967 co-ed Retreat; and will again work as a 'Y' day camp leader this summer.

Other candidates were Donna Reinhardt, daughter of Mr. and Mrs. Richard Reinhardt, 621 W. Yale, member of the

Kaerlesians Tri-Hi-Y. Tom Whitten son of Mr. and Mrs. George Whitten 1540 N. Columbo, Upland, member of the deBards Hi-Y; and Don Vaughn, son of Mr. and Mrs. Gene Vaughn, 840 W. Bonnie Brae, member of the Val Hyrics Hi-Y.

The top clubs, club leaders, and 'Y' Council officers were given recognition for projects and activities during the 1967-68 school year, last Tuesday.

Cris Clark, Adonacis Tri-Y, a junior at Chaffey High will be installed as 1968-69 'Y' Council President. Other elected officers assisting Clark will be Vice President Pam Zmolek, Recording

Secretary, Daphinians Tri-Hi-Y; Jean Crane, Vyvajes Tri-Hi-Y; Corresponding Secretary; Rhonda Martin, Surle-Veuxshons Tri-Hi-

Y. and Chaplain Nancy Evans, Athallians Tri-Hi-Y. All are students at Chaffey High.

The 'Y' Spirit Award for the club most active in year round 'Y' activities will be presented. The 'Y' Council Service award will be given to the club that has done the greatest amount of meaningful service to the 'Y', school, and community. The Boy and Girl of the Year Award, sponsored by the R. Fred Price Foundation, will be presented to recognize outstanding leadership and participation in 'Y' activities.

Y.M.C.A. high school clubs have given more than 16,000 hours of service to the Community, school, and 'Y' during the 1967-68 school year. The Y's top service clubs were recognized at the Annual Y.M.C.A. Recognition Dinner, last Tuesday, May 21.

## ...Operation Self Start. No Subsidy Needed

UPLAND -- Four local youths will soon be going from house to house this summer painting house numbers on curbs, under the direction of Mrs. Thelma Goodman, 323 W. 11th St.

At the Tuesday meeting of the City Council, the Council approved such a request made by Mrs. Goodman.

While the boys will not be working for the city, they will be under city supervision.

Work will be done on a donation basis, and each householder will suggest what the wages for the painting project should be.

The youths will perform the work in an 'orderly fashion' and not at random.

They first must be cleared by the city police department and will report

each week to city hall. After hearing Mrs. Goodman's request, Councilman Max Hawkins described it as "a good deal" and added, "Basically, young people can't find work to do in the summer.

## Meet three new owners of the Gas Company.

## How can you tell?

Matter of fact, you can't--just by looking at them, because so many owners of the Gas Company look just like your neighbors. In fact, they probably are your neighbors. For the Gas Company (like any investor-owned company in America) is owned by all kinds of people from all walks of life.

There are more than 16 million shares of our business owned by people like barber Vince Coltone. Some of these people bought our stock in their own names. Others may have become owners of the Gas Company by way of investments their employers have made for their pension plans. Still others, like Duke Morton (getting his hair cut), may have become owners because their grandfathers bought them shares as birthday presents.

People who have a financial stake in the Gas Company know that any company that can offer good service at reasonable rates is going to do all right. And that's the way we do business.

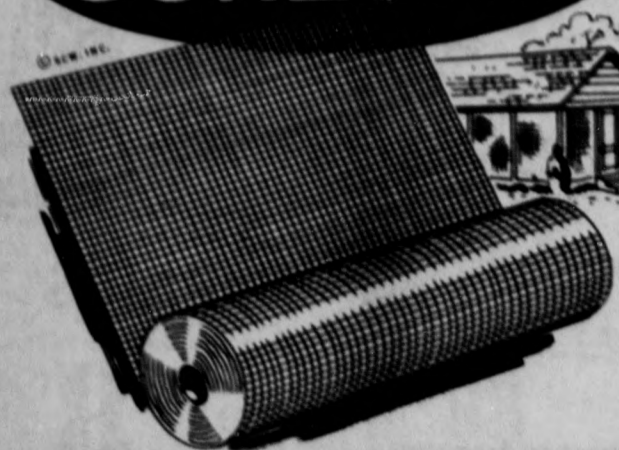

But whether you're an investor or not, the Gas Company works for you anyway. As an investor-owned company, regulated by the California Public Utilities Commission, we depend on your support. We do our best to deserve it. That's why we work extra hard to please you.

JOHN V. BRIGGS

35th Assembly District

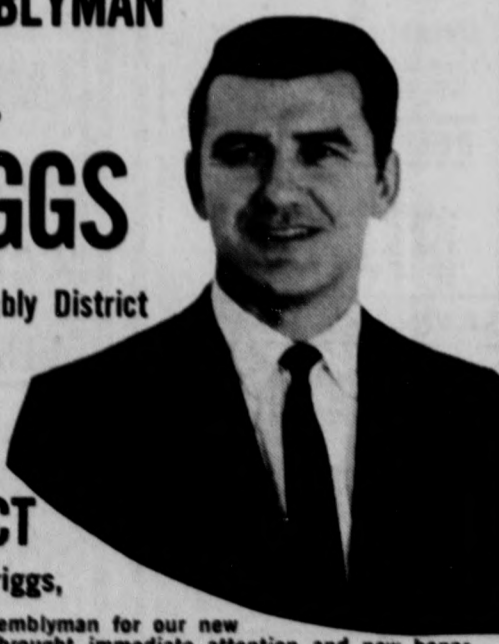

San Bernardino and Orange Counties

## RE-ELECT

John V. Briggs,

incumbent assemblyman for our new 35th District, brought immediate attention and new honor to the two counties he serves. The California Taxpayer Association rated John Briggs THE MOST EFFECTIVE ASSEMBLYMAN during the 1967 legislative session. Of 23 bills introduced, 18 became law--an outstanding accomplishment for a freshman legislator--adding one more honor to the long list that convinced 35th District voters John Briggs is their choice.

The Senior patrol with leader Joe Prologo tied for first place among the 50 participating patrols. They were graded on camping, troop preparations, games and general skills. The Eagle Patrol with Leader Lynn Bentrol with Mark Thomas-seau also participated.

## Recent Vietnam Returnee Dies Following Accident

UPLAND -- An Upland soldier who just returned home from Vietnam died Tuesday from injuries received in a traffic accident Sunday.

John Davis, 21, the son of Mr. and Mrs. Kenneth G. Davis Sr., of 853 Orchard Ct., suffered a broken neck and chest injuries. He had been admitted to San Antonio Community Hospital.

Davis had served two hitches in Vietnam for a total of 20 months. His brother, Kenneth, was wounded in Vietnam and is en route to a hospital in the United States.

John had returned home Saturday before going to Korea, his father said. Davis collided with a car driven by Alma Maxwell, 44, of Yucaipa. She was also taken to the hospital with chest and hip bruises.

A third car driven by Arthur Gonzales, 22, of 1356 Bowen St., Upland, was involved but Gonzales wasn't hurt.

The victim was born Nov. 24, 1946, in Chicago, Ill., and moved to California with his family in 1957. He lived in Inglewood until 1963 then moved to Claremont and to Upland. He had served in the U.S. Army for 2 1/2 years.

A Rosary will be recited Thursday at 8 p.m. in Our Lady of the Assumption Catholic Church in Claremont. A Requiem Mass will be celebrated in the church Friday at 9:15

a.m. Entombment will be made after military honors at Bellevue Mausoleum in Ontario. Todd Memorial Chapel in Pomona has charge of the arrangements.

Besides his parents and brother, Mr. Davis is survived by his two grandfathers, Herbert Davis of Cowden, Ill., and John J. McMillin, of Staten Island, N.Y.

## Uplander Elected Class President

Morris Book, a junior biology major from Upland, was recently elected by his fellow students at Messiah College, Grantham, Pennsylvania, to serve in the capacity of president for the senior class for the year 1968-69.

May 22, to Mr. and Mrs. Thomas Dee Jr., 636 E. Arrow Hwy., Upland, a son, Eric Evan.

## Benninghoff Named Coffee Hour Chairman

Keith Hubbs, General Chairman of the Christensen for Assembly Campaign in the 72nd, announced the appointment of Mrs. Ella Benninghoff to the campaign committee. Mrs. Benninghoff will serve as district - wide coffee hour chairman.

Mrs. Benninghoff, a 20 year resident of Upland, has been very active in civic affairs. She is a former Vice-President of the Upland Woman's Club and is a member of the

Town Affiliation Ass'n of Upland. Her present occupation is house wife and her hobby is politics. She has been an active Republican Volunteer worker for many years.

Mrs. Benninghoff had this to say about her favorite candidate, "Jim Christensen is a wonderful man and as fine a Republican candidate as I have seen in several years. If I have my way, every voter in this district will be able to see Jim at a coffee hour."

## County Health Sets Up Clinics For Rabies Shots

Residents of the Alta Loma, Mt. Baldy, and San Antonio Heights areas are advised that low-cost public Rabies Clinics for immunization of their pets will be conducted according to this schedule: Alta Loma; May 29, 6-7:30 p.m. Fire Station; Mt. Baldy; May 29, 1:30 - 2 p.m., Fire Station; San Antonio Heights; May 29, 3 - 4:30 pm, Park, Mountain Ave. bwn 24th and 25th.

This year opportunity to protect your dog against rabies. It is required by County law to have your dog licensed every year and vaccinated against rabies every two years.

All dogs four months of age and over must be vaccinated according to Dr. Merle E. Cosand, County Health Officer, who has announced that the reduced vaccination fee at the public clinics is \$2.00.

Pets can be licensed and vaccinated at the clinic rate of \$5.00 for both males and females.

These clinics are sponsored by the San Bernardino County Veterinarians and the San Bernardino County Department of Public Health. The vaccine used will be effective for a two year period. Rabies is still present in neighboring counties and the wildlife population and it is most urgent that pet owners vaccinate their dogs now and keep San Bernardino County a dog-rabies-free area.

## Lacquer-Sniffing Results In Expulsion Of Three

UPLAND -- Three students at Upland High School -- caught taking turns inhaling fumes from a lacquer - soaked rag near the campus snack bar -- have been expelled.

The action, taken here Monday night by the Chaffey Union High School District board of trustees, was the first narcotic - related expulsion move this year.

Nine students from three schools were expelled late in 1967 following adoption of a new policy designed to remove students from campuses if they were involved with narcotics or drugs on or off school premises.

In the current expulsion, Assistant Superintendent Alexander McLeish said the three boys

-- 18, 16 and 15 years of age -- were inhaling the lacquer fumes "until their faces turned red." A can of lacquer was recovered from a locker.

May 19, to Mr. and Mrs. Willie M. Canaday Jr., 1748 O'Malley, Upland, a son, George Galen.

May 12, to Mr. and Mrs. Spiro N. Karalacos, 8661 Avalon, Alta Loma, a son, Timothy Nicolas.

## Upland Chamber Marks Great Year Of Growth

By Hal Bailin

The Congress for Community Progress was termed one of the most meaningful programs of the Chamber of Commerce in 1967-1968 by outgoing president Harold A. "Hal" Bailin. Bailin, in a statement on the eve of the annual banquet, praised the work of previous Chamber administrations over the past three years, which laid a firm foundation for the Chamber program to build upon.

He also pointed out that City Council - Chamber relations continue cordial and productive. His statement follows:

Looking back on the past year, much of the progress made may be attributed to the strength of past Chamber administration, and to the constructive guidelines set by the Community Analysis of Upland, which established goals for the Chamber and presented

suggestions and methods by which these goals might be achieved. Notable among the constructive ideas from the Survey realized this past year was the Congress for Community Progress, held this past March. Representatives of all phases of community life participated in the panel discussions, and, I believe, came away with a new awareness of the resources contained in our city. The findings of these discussions are being passed along to other local organizations and agencies, to consider incorporating into their various programs of work.

**TOWN CENTER**  
The past year has also seen the realization of the Upland Town Center Concourse, and the additional parking required. This project is the result of a great cooperative effort by the Chamber committee, city officials, and merchants and landlords themselves. Realizing that "facelifting" alone is not enough to maintain steady growth of a shopping center, the Chamber is now sponsoring a promotions committee, to set up a regular promotions calendar.

The Fireball 12 has concentrated its efforts on building membership, and

has succeeded admirably; the Chamber membership has increased 300% in two years through the efforts of this one group alone.

The Civic Affairs Committee worked with the city on various matters of community interest, notably passing down a recommendation that the wording of certain directional signs on Foothill Boulevard be changed to read "Civic Center" rather than "Upland" or "Business District".

The intent of this is to promote all commercial areas of Upland as being of equal importance, and equally essential to the Community as a whole. The Legislative Action Committee has met regularly, and presented to the Board of Directors recommendations resulting in communication with representatives in Washington expressing the attitude of the Chamber toward current legislation. Promotional events sponsored by the Chamber this past year include a wide-ranging exhibit at the Los Angeles County Fair, and Upland Night with the Los Angeles Lakers, in which 125 Uplanders participated.

In addition to regularly-scheduled committee meetings, the Chamber has held quarterly meet-

ings of the entire membership, including an industrial forum meeting, in which four outstanding industrial development experts presented their views of Upland's economic potential.

I am confident that I speak for the entire Board of Directors in thanking the membership, city officials, and all those who have worked diligently this year, and in wishing the coming administration a year of continued growth and expansion of services.

# Glamor Of Television Movies By-Passed For Teaching Career

By Dianne Walters

SAN DIMAS - Miss Duffy of Duffy's Tavern, Young Dr. Malone's baby-sitter, and Clem Kadiddlehopper's girlfriend - Pattee Chapman was all of these people.

After more than 30 years in radio, television and movies, Miss Chapman "got out of the business" and became a teacher.

"I left because it got to the point that I didn't have a steady show," the fifth grade teacher at Gladstone Elementary School said. "I wanted to try something different and everyone felt I would make a good teacher."

"I went back to college, got my credential, and I love it."

Her career in show business began when she was six years old.

On a weekly radio show "Coast to Coast on a Bus with Milton Cross," Miss Chapman was one of 25 children who sang from the show's Big White Bunny.

"I started singing with the show because my mother thought it would be nice if my grandmother in Florida could hear me sing on the radio," she explained.

It was during her five-year stay with the show that producer Joe Bell "discovered" her and she began appearing in the "Great Plays" series.

"From that point on, my career started," she said.

**PLAY HOUSE**  
In the 1940's she appeared in several Phillip Morris Playhouse productions on radio while attending Riverside School for Girls in New York.

In 1946, she entered Finch College in New York as a liberal arts major, and began a new radio show—she played the baby-sitter on the Young Dr. Malone show.

The character got so big that she finally had to be written out of the show, Miss Chapman said.

Miss Chapman played a young baby-sitter with an obesity complex. In addition to being neurotic, the character was also a kleptomaniac.

Miss Chapman shocked listeners by finally kidnapping the Malone baby and running off with a sailor.

"The baby-sitter began appearing on the series more than Dr. Malone," she explained. "The sponsors complained and they wrote her out of the series after almost a full

IN HER NEW JOB - Patti Chapman is shown sending one of her pupils on his way home. Miss Chapman has made the transition from actress to teacher, but she uses much of her past experience in her new career. Miss Chapman is a fifth grade teacher at Gladstone Elementary School in San Dimas.

year.

Following Young Dr. Malone, she appeared in "Portia Faces Life," "True Story," and "Mother O' Mine."

**ALDRICH FAMILY**  
Her only comedy role was in "The Aldrich Family." She played a relative of Henry Aldrich.

"I usually did drama—heavy drama," she explained.

Tired of the cold Eastern winters, she and her mother moved to California in 1948.

California marked turning point in her career—she was now typed as a comedienne.

Her California career began in the movies—playing a College girl in "Take Care of My Little Girl."

**MR. BELVEDERE**  
In her next movie, she played Miss Pinkney, a member of the intelligentsia, in "Mr. Belvedere Goes to College."

"I also did a lot of comedy relief roles for dramatic movies," she explained.

Her most recent movies were "Not as a Str-

anger," with Robert Mitchum and Frank Sinatra, in 1961; and "Summer and Smoke" with Geraldine Page and Lawrence Harvey in 1963.

When television gained popularity in the 1950's, Miss Chapman entered still another media.

In 1954, viewers watched her play Miss Duffy on "Duffy's Tavern."

She also appeared as the next door neighbor on the "Joan Davis Show."

Miss Chapman can still be seen on several of the "Our Miss Brooks" reruns playing Suzie Preston—spelled with three 's'—because she liked them—Unodorass' girlfriend.

**RED SKELTON SHOW**  
Red Skelton's Clem Kadiddlehopper whooped Miss Chapman during her many many appearances as his girlfriend.

On "Love That Bob," she played Shultz's roommate, Gertrude.

"That was a real fun show to do," Miss Chapman recalls. "Bob Cummings is one comedian who really knows timing."

"I have done most of

the comedy shows—"Tom Ewell," "Cara Williams Show," "Mayor of the Town," and the "Adams Family."

Although her show business career came to an abrupt halt in 1966, her theatrical background has not been wasted in her new calling.

**A LITTLE HAM**  
"Truthfully, there is a little ham in every teacher," she noted. "It's not easy to be able to get enthusiastic about reducing fractions at 8:40 a.m.—especially on a Friday."

Being an actress helps. Although Miss Chapman did not intentionally conceal her show business career from her Gladstone students, her "fame" was accidentally discovered.

While watching an "Adams Family" re-run, one of the boys in her class recognized his teacher. It did not take long for the news to spread around the school.

According to Gladstone Principal, Berg Minasian, Miss Chapman uses her show business experience in the classroom.

**HELPS TEACHING**  
"I try to have the children act out—paint mental pictures—especially with social studies," she explained.

Her class is currently involved in a puppetry project.

Puppetry touches every aspect of teaching; such as, creative writing—adapting the play to our purpose; art techniques—designing and molding the puppets; and mathematics—designing the puppets and the stage, she explained.

"Puppetry is a great communal or group activity," she said. "And it satisfies purely individual expression."

Will Patti Chapman go back into show business? "I might go back—maybe in the summer," she said.

Show business is very lucrative, but it is also uncertain, she explained.

#### Host Coat

Used to be that in the closet of almost every male there was a smoking jacket. The nearest thing to it today is the host coat, growing in popularity for home entertaining and loafing.

#### Battle Moths

In the battle against moths, it is vital to clean and disinfect clothes closets thoroughly. When dry, fill in cracks and apply thin coats of fresh, white shellac to seal the closet's surface.

#### Meerschmum

Meerschmum, used chiefly in pipes and cigar and cigarette holders, is a white mineral soft enough to be scratched with the fingernail. Sometimes it is found floating in the Black Sea, and is often mistaken for sea foam.

The earliest regular telephone exchange in the United States opened Jan. 28, 1879, in New Haven, Conn.

#### Whipping Cream

Adding sugar to whipping cream before it is whipped will decrease the volume that can be obtained and will increase total whipping time. Add after whipping.

#### Removing Decals

To remove decals from a wall or furniture, dip a cotton ball in boiling hot vinegar and sponge the decal with it. Sponge until the decal is thoroughly soaked, then wash it away.

## Sixteen From Area Attend Youth Leadership Parley

Sixteen students from the Pomona area were part of about 150 teenagers from Los Angeles County who participated recently in a Mexican-American Youth Leadership conference.

The meeting was held at Camp Hess Kramer in the Malibu Mountains. Its purpose was to help ethnic youths find themselves by discovering others.

It was sponsored jointly by the Los Angeles Commission on Human Relations and the Wilshire Boulevard Temple. This year marked the sixth annual staging of the event. The theme was taken from Tennyson: "That Which We Are, We Are."

#### Backgrounds Mixed

High schools throughout the county sent delegates to the convention to bring together a mixture of varying ideas representing the divergent backgrounds of the youth involved.

The purpose of the conference was not to "Mexicanize" or "Americanize" the students, but to develop them into more conscience persons so that they will be able to move into the mainstream of Anglo-American society. Art Almanza, conference coordinator, commented.

The youths were chosen on recommendations of school per-

sonnel and youth workers for their leadership characteristics. Each participant was awarded a \$50 scholarship by the Wilshire Boulevard Temple to cover the expense of the weekend.

#### Local Conferees Listed

Those who participated from the Pomona area were Ben Molina, Larry Gallardo, David Tapia, Rene Contreras, Jim Gutierrez, Toribio Manrique, Becky Garcia, Al Villanueva, Michelle Razo, Deborah Carrasco, Emily Villanueva, Patto Cordero, Norma Lemon, Delores Alvarez, Louis Estrada and Gilbert Le Marque.

The students were from Damien, Upland, Chino and Chaffey high schools and from Fremont Junior High School.

#### Stretching Meat

To make a small amount of meat, fish or chicken go a long way, combine it with a thin cream sauce and cooked noodles or rice in a casserole-type dish.

#### Tips for Fans

Keep an electric fan steady by setting it on a pad of foam rubber. Cut the pad about two inches larger than the base of the fan. This not only keeps the fan from traveling, but also cuts down on the noise.

The modern international Olympic games were inaugurated in 1896.

# AND NOW THERE IS A COLONY FOR OUR 4-LEGGED HORSE FRIENDS

**FIRST HORSE COLONY** -- The first through-bred farm colony in the West along with its Track and Training Center was dedicated Sunday, May 19 at Rancho California in southwest Riverside County. Taking part in the ceremonies, which included the first official workout on the new one-mile

track were, left to right, Raymond T. Seeley and William E. Jones, Riverside County Supervisors; Charles T. Leavitt, president of the Horsemen's Benevolent Protective Association and Robert L. Unger, vice president and general manager of Rancho California.

## Kaiser Advances Two Area Men

Glenn R. Markle and Nicholas L. Rickard, residents of Upland, have been appointed to the newly created positions of superintendent and assistant superintendent, respectively, Cold Mills, it was announced by Kenneth R. Casey, division superintendent, Flat Rolled Products.

Previously in charge of the Cold Roll Mill, Markle and Rickard assume the new "ground floor" appointments prompted by Kaiser Steel's recent announcement of construction of a new cold rolled sheet mill.

Markle joined Kaiser Steel in 1965 following 19 years with Youngstown

wife in Upland. Nick Rickard joined Kaiser Steel in 1959 as a production assistant in Specialty Manufacturing. He advanced to shift foreman in 1961 and general foreman in 1962. Four years later he transferred to Cold Roll as general foreman. He was named assistant superintendent, Cold Roll, in 1967, the position he held to the present.

A native of Oregon, Rickard was educated in that state. He graduated from Oregon State University with a bachelor of science degree in mechanical engineering, and from Claremont Graduate School with a master's degree in business economics.

Rickard is a member of American Society of Mechanical Engineers and Association of Iron and Steel Engineers.

He resides in Upland with his wife Carol and two children - Kimberly and Scott.

Sheet & Tube where he advanced to sheet mill superintendent at the Indiana Harbor Works. From 1938-46 he was employed at the Irvin Works of United States Steel where he was general foreman, temper mill and shears.

He came to the Fontana Plant as division superintendent, Finishing Mills, then accepted responsibility for sheet and tin production. In 1967 he was appointed super-

intendent of Sheet Galvanizing and Cold Roll. In

### Potato Puffs Surprising

Not so very long ago this recipe would have read "left-over mashed potatoes," but with handy packages of instant mashed potatoes such an ingredient listing is no longer necessary. So whip up some instant mashed potatoes, let them cool and proceed as follows for preparing eight Potato Cheese Puffs with their tender hearts of cheese.

2 cups cold mashed potatoes  
1 egg, lightly beaten  
3 cubes (¾ to 1½ inch each) of Cheddar cheese  
½ cup dry bread crumbs

Combine potatoes and beaten egg; form into 8 balls. Insert a cube of cheese into center of each ball. Roll in dry bread crumbs. French fry in deep fat heated to 370 to 380 degrees for four minutes or until golden brown.

## Public School System Belongs To The People Not To The Government

"There must be a common sense approach to education, based on economic realities and re-examination of the real purpose of our schools," Jim Christensen, candidate for the 72nd Assembly District, said in an interview with County educators in San Bernardino on Saturday.

"For example, there should be immediate changes in the school administrative bureaucracy—a weeding out of the many un-needed administrative positions which contribute nothing to educating our children and only consume taxpayers' money. We should make every effort to concentrate our tax dollars on improving the quality of our teachers and the methods these teachers use in educating students."

Christensen states that he would propose legislation to restrict the use of state school aid to payment of teacher salaries, purchasing of text books and basic supplies and teaching aids, which would restrict state participation in school finance to purely educational expenditures.

This would cause all funds for paying administrative salaries to come from local sources and would affect an immediate re-evaluation by local school boards of administrative costs to assure that their school districts are not too heavily with administrative personnel," Christensen continued.

There must also be a public recognition of the fact that schools are not forums for social theorists who would solve problems of a society at large by experimenting sociologically with our school children.

Christensen states that he is against the "bussing" of school children for any reason whatsoever, "I can see no value in this theory now being debated in San Bernardino County. Whether it be to effect racial balance or any other utopian sociological theory, I am opposed to it. The neighborhood school is an important factor in our educational system and I feel that tampering with this concept would be detrimental to the students and their parents."

"The purpose of public education is to provide as

good a fundamental education as possible for the dollar of taxpayers' money spent. Public education is not an experiment, nor is it its goal to see how large a bureaucracy we can create within it, nor does it exist for the sake of a few social theorists. The public school system belongs to the people not to the government," Christensen concluded.

## Phi Beta Kappa

Eighty-six students at the University of California at Santa Barbara (UCSB) were recently initiated into Phi Beta Kappa at a campus ceremony held to install UCSB's first chapter of this national scholastic honorary society.

Student initiates, including 80 seniors and six juniors, have all maintained consistently high academic standards.

## Heart Association Honor Volunteers

Dr. Pierce J. Flynn, president of the San Bernardino County Heart Association announced this week that the annual dinner meeting of the organization was scheduled for Wednesday evening, 7:30 p.m., June 5 at the Redlands Country Club. The dinner will be preceded by a social hour at 6:30 p.m.

Five hundred invitations have been mailed to the membership. Business will include the election of officers, executive committee and board members.

Awards are to be presented to volunteers who

have contributed outstanding service to the Heart Association in the past year.

The program will feature a report from Dr. L. Hunter Crittenden, pediatric cardiologist in San Bernardino, on the Heart Screening Program in the San Bernardino Unified School District and a talk by Dr. Lawrence E. VerHusen, cardiologist, on the new Pacemaker Clinic also sponsored by the Heart Association.

# Ronnie Has A One-Woman Gang Out To Remove Him

UPLAND -- "Dissent to me is part of our responsibility as a citizen." This is the guiding philosophy of Mrs. Dorhman Veirs, Upland chairman of the Recall Governor Ronald Reagan Committee.

In her opposition to Gov. Reagan, Mrs. Veirs calls him a tool of the far right.

"This man is not qualified to administer the office of Governor of California. I strongly agree with the charges cited in the recall petition," Mrs. Veirs said in an interview last week.

**THE CHARGES**

The Petition charges:

1. "Ronald Reagan is not competent in matters of government and public affairs."
2. "Ronald Reagan has undermined and demoralized the entire California Health Program, thereby causing great human suffering."
3. "Ronald Reagan has injured the University and State College System and endangered the educational standards of the State of California."
4. "Ronald Reagan is attempting to further his personal ambitions at the

expense of the people of the State of California."

"Reagan has a lack of empathy for those in the public health and welfare program," she said.

Mrs. Veirs heard about the recall movement on television and immediately volunteered to help. "I was embarrassed and ashamed that we had elected such a man to so high an office," she explained.

Last year, she wrote to the state chairman of the committee to offer her help.

That attempt to oust Reagan failed to gain the

necessary momentum and was dropped a few months later.

The committee began another movement to recall the governor last January.

The group must collect 780,414 signatures of registered California voters-- 12 per cent of the vote cast in the last gubernatorial election-- requesting a special election be held in which Californians decide whether Reagan should be removed from office.

A majority of the vote is required to remove the governor.

Deadline for the signatures to be in is July 31, 1968.

Mrs. Veirs is not a newcomer to politics.

A WRITER

"I write everyone when something happens in the news," explained Mrs. Veirs.

Politicians she has written to include: Sen. Wayne Morse; President Johnson; Gov. Pat Brown; the late President John F. Kennedy; Sen. Robert F. Kennedy; State Superintendent of Public Instruction Max Rafferty; as well as many of the

state college trustees.

She began her war against the "far right" in 1962.

While residing for a brief time in Arizona, she became active in a fight to block a "far right" move to take over the local school board.

"They were trying to seat a majority on the school board to get control of the text book selection," Mrs. Veirs explained.

**GOLDWATER FOE**

She became further alarmed at Sen. Goldwater's nomination for the presidency in 1964.

**RECALL REAGAN --** Mrs. Dorhman Veirs, of Upland, displays a "Stop Reagan" bumper sticker used in the Recall Reagan Committee campaign. In front of her are petitions the committee is circulating throughout California. The committee must collect 780,414 signatures before July 31, 1968 in order to have a special election called. Mrs. Veirs is chairman of the Upland area.

Last year she became active in the "Land of the Free" school book controversy in the Fontana School District.

According to Mrs. Veirs, a Fontana citizens group organized to ban the controversial history text "Land of the Free."

The group objected to the coverage of minority group contribution to United States History and the book's brief mention of Gen. Douglas MacArthur, Mrs. Veirs explained.

In a Nov. 3, 1967 DAILY REPORT story, the group claimed the support of State Superintendent of Public Schools, Max Rafferty, in their effort to block the book.

Mrs. Veirs wrote to Rafferty protesting his alleged support and objecting to his views on patriotism in the public schools.

In her letter, she reprinted an excerpt from a speech he had given. The quote read:

"We educators had better not be caught short. We had better not be caught withholding from the nation's children the wonderful sharp-edged, glittering sword of patriotism. In a word, this means indoctrination."

"I don't believe in indoctrination," explained Mrs. Veirs. "Democracy dies when you have indoctrination. Teach facts, not doctrine."

**RAFFERTY REPLY**

In his reply to Mrs. Veirs, Rafferty said he was puzzled by her selection of this quote.

According to Rafferty in his letter, the quote dated back to a speech given in 1961. The speech was awarded the George Washington Honor Medal

from the Freedoms Foundation at Valley Forge.

Rafferty was presented his award by the late President Kennedy in 1962.

"The California Education Code compels all of us teachers to teach love of country to every public school child in the state," Rafferty reminded her in his letter.

Rafferty also maintained that he had never endorsed Chiphase (or ever heard of him.)

**DICTATORSHIP**

As a member of the American Civil Liberties Union, Mrs. Veirs is also opposed to Senate Bill S.2988 (title II) which she maintains would "put us under the heel of dictatorship."

According to Mrs. Veirs, she is opposed to the safety in the streets section of the Internal Security Act of 1968.

It would create a peace-time treason, punishable by fine or imprisonment," she explained.

In addition to being chairman of the Upland Recall Reagan Committee, Mrs. Veirs is legislative chairman of the West End Women's Club. She has been active in the Illinois League of Women Voters, and the Contra Costa County Community Welfare Council.

About her present campaign to oust Reagan, she said, "I don't think this recall will fail."

She cited the rise in Democratic registrations and the desire of people to correct their mistakes as reasons behind her prediction.

She and her husband, Dorhman Veirs reside at 936 Buffington, Upland.

## HS Coed Wins 4-H Scholarship

Janice Abram, 18-year old Chaffey High School senior, has won a \$300 Standard Oil Company 4-H Club scholarship. It was presented at the Barister in Pomona.

The award, based on scholastic excellence and Miss Abram's record in 7 years of 4-H Club work, was announced by Farm Advisor Donald Appleton of the University of California Agricultural Extension Service, and Frank Griffin, District Sales Manager of the Standard Oil Company of California in Pomona.

Miss Abram, a member of the Etiwanda Energetic 4-H Club at Etiwanda, is the daughter of Mr. and Mrs. J. Tilden Abram, 612 Highland Ct., Upland. The scholarship winner has served as a 4-H parliamentarian, has been club reporter, and safety chairman and is a life member of California Scholarship Federation, and a 10 year member of American Legion Auxiliary Juniors.

Twelve 4-H Club boys

and girls and 12 Future Farmers of America will receive Standard Oil Company Scholarships this year to aid them in their college studies.

Miss Abram plans to enroll in the fall of 1968 at the University of California, Davis, where she intends to major in veterinary medicine, and her future aims are directed toward becoming a veterinarian.

**CAUSES OF DEAFNESS**

In children are changing fairly rapidly, reports the American Medical Association. "Acquired" deafness caused by infection, injury, etc. is declining, partly because of effective antibiotics and other medical treatment. On the increase, however, is congenital deafness caused by premature births, German measles infection of pregnant mothers, and incompatibility of the Rh factor in the mother's and child's blood. Of these, premature birth is of increasing importance primarily because more premature babies are surviving, says the AMA.

## IN SERVICE

UPLAND - Storekeeper Third Class Jeffrey L. Schneider, USN, son of Mr. and Mrs. Billy C. Schneider of 2534 Mountain Drive, Upland, was advanced to his present rate during ceremonies aboard the ocean-going minesweeper USS Dynamic off the coast of Vietnam.

His advancement was based on time in service and rate, military appearance, performance of duties and passing the Navy-wide test for promotion.

His ship is in Southeast Asian waters participating in Market Time Operations, designed to stop the flow of enemy troops and supplies from the north via the sea to the south.

**SHE'S A WINNER** -- Janice Abram, Chaffey High senior won a \$300 Standard Oil Company 4-H scholarship. Janice is a member of the Etiwanda Energetic 4-H Club at Etiwanda, and she plans to apply the scholarship towards a major in veterinary medicine.

## Chaffey Summer Session Sign-up Starts Monday

Registration for summer session at Chaffey College will be available through June 12.

Enrollment hours will be 8 a.m. - 4 p.m., Mondays through Fridays, and 6:30 - 9 p.m., Mondays through Thursdays. Counselors will be on duty both night and day.

Classes will start June 17.

Offered in the six-week session will be 51 courses in 24 subjects.

Subjects scheduled are anthropology, art, automotive technology, biology, business, chemistry, data processing, drama, economics, electronics, English, geology,

history, home economics, hygiene, mathematics, nursing, physical education (first aid), political science, psychology, supervision, sociology, Spanish and speech.

Additional information may be obtained by calling 987-1737 or 822-7456 or 626-9811.

## 'Fiesta A San Ysidro' Final Performance Set

On June 8 the final performance of "Fiesta A San Ysidro" will be presented at Padua Hills Theatre.

Attracting record audiences from Southern California this production tells the story of the patron saint, Ysidro, of the farmers of Mexico. All of the plays presented at this world renowned theatre are carefully detailed for authenticity of music, lyrics, costumes, and choreography as well as story. This is clearly seen in Fiesta A San Ysidro, as the Players enact

an ancient sacrifice! dance to the rain god.

The farmers' fiesta scene in the final act is a gay reverse to the stark drama of the drought they faced before their prayers for rain were answered.

First time visitors to Padua Hills will find themselves at an 'hacienda' where Mexican and American food is served in the Dining Room, by the Players who not only act in the year 'round plays but also entertain during meals. Visitors can also watch the Mex-

ican potter at his wheel and then purchase one of his works of art.

Padua Hills is located on Padua Avenue three miles north of Foothill Blvd. in Claremont. The dining room and shops are open daily except Mondays.

Fiesta A San Ysidro can be seen at 8:30 p.m. on Wednesdays through Saturdays and at 2:30 matinees on Wednesdays and Saturdays. The next play, "Jalisco Sings" will open on Wednesday, June 12 to start the summer season

at Padua Hills.

Padua Hills is an unusual and interesting spot for visitors to Southern California. It is sponsored by Padua Institute, a non-profit organization dedicated since 1930 to preserving for all generations the music, story, and dances of early California and parent Mexico.

Reservations for both dining room and theatre are sometimes desirable because of the increasing popularity of both. For reservations call (714) 626-1288.

## SERVICEMEN

Army Private First Class Daniel Marks, 18, son of Mr. and Mrs. John H. Marks, 2067 Marigold St., Pomona, Calif., was assigned as an infantryman with the 9th Infantry Division in Vietnam, May 9.

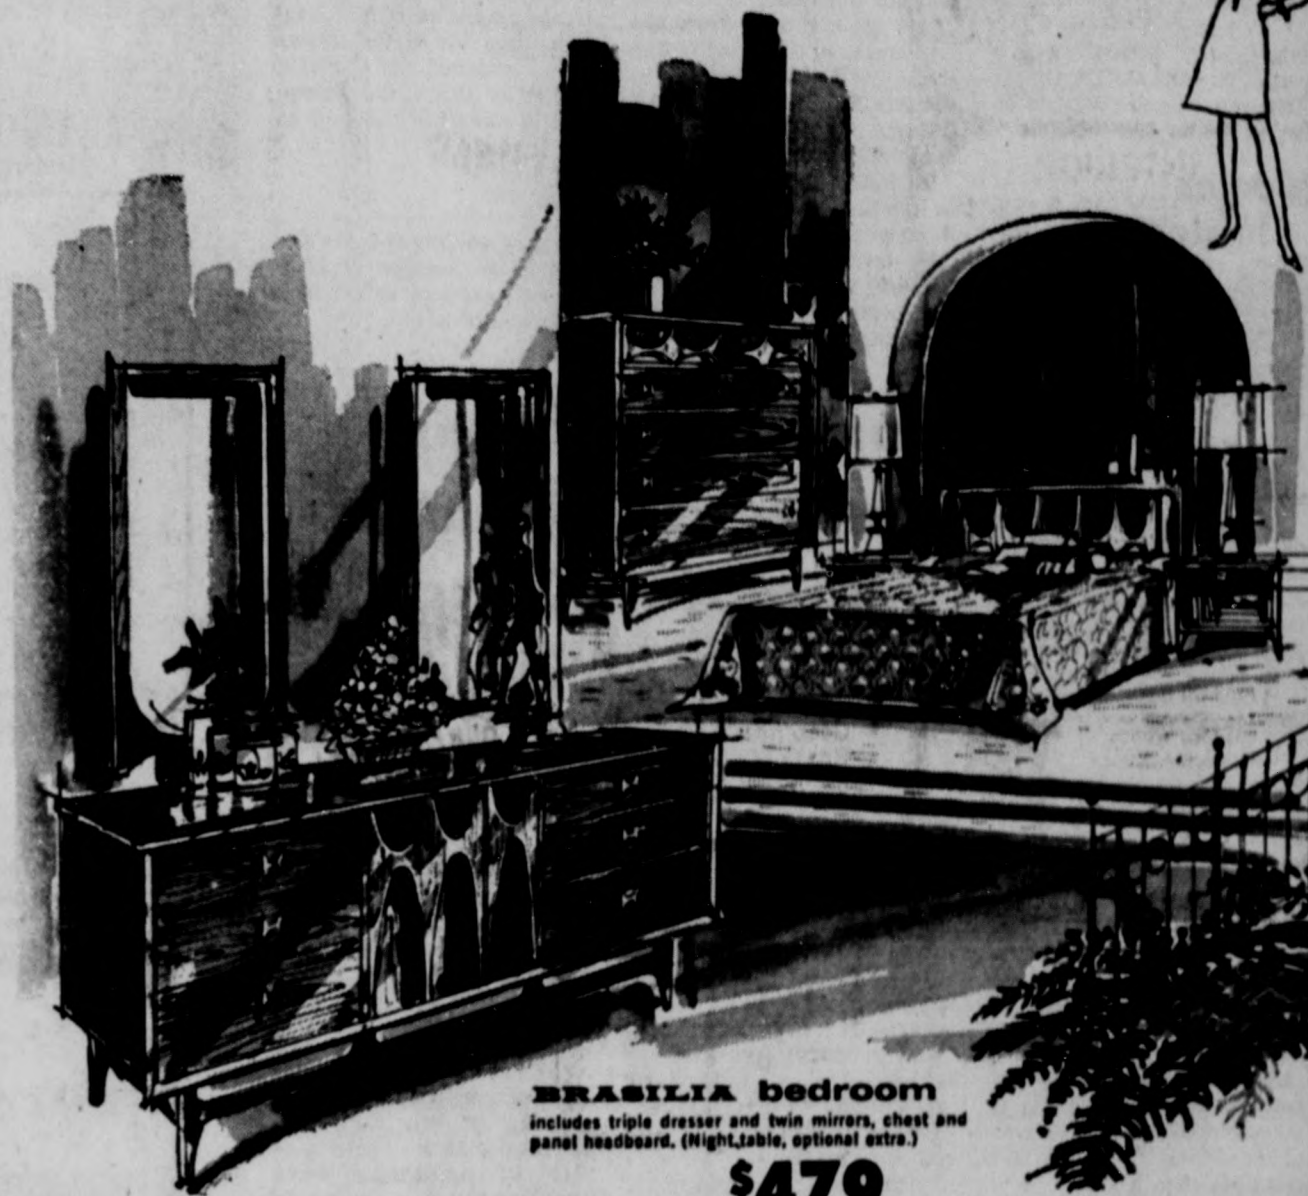

His wife Judy, lives at 1723 Erin Ave., Upland.

## Tony Weldon

Ship's Serviceman Third Class Tony R. Weldon, USN, son of Mr. and Mrs. Louis E. Weldon of 8256 Burgundy Ave., Cucamonga, is serving aboard the destroyer USS Epperson off the coast of Vietnam.

# 2 Demos, 2 Republicans In 72nd Assembly Race

**Editor's Note:** (This is the first in a series of articles about the candidates running for Congress and the State Legislature in this area. Today's story deals with the candidates for Assembly in the 72nd Assembly District.)

Two Democrats and two Republicans are running in the June primary for the 72nd Assembly District seat now held by one of them, John P. Quimby of Rialto.

His Democratic opponent is Olan F. Thompson, who ran against Quimby as a write-in candidate in 1964 and as an official candidate two years ago. The two Republicans are Upland Councilman James L. Christensen, who lost to Quimby in 1964, and Manuel Quevedo Jr., a San Bernardino police officer.

The San Bernardino County district includes Upland, north Fontana, Rialto and points east to include the city of San Bernardino west of the Barstow Freeway and Highland Avenue.

## John P. Quimby

Assemblyman John P. Quimby, Rialto Democrat, is 31 and is seeking his third term in the legislature.

He was born in Prescott, Ariz., attended schools in Banning and was graduated from Radio Engineering School in Burbank. He was a radio and television broadcaster before going to the Assembly in 1962. He is a former member of the San Bernardino City Council.

Quimby said he is committed to the principle of welfare for those really in need, but said the recent U.S. District Court decision throwing out the residence requirement "throws us reeling." He thinks many people in other states would rather be on welfare in California and could flood the state.

"We'll be pleading with Congress asking for help in funding this extra financial blow," he said.

**Sacred Cow — Education**  
Higher education has been "too much of a sacred cow in

the last several years," he said.

"While I'm for education, I don't favor putting off development of the water project to finance education," he said.

While in favor of academic freedom on college campuses, his definition of it "does not include breaking the law and disrupting the orderly function of learning which I always thought a college campus is for," he said.

"It seems to me that academic freedom does not consist of setting up a bullhorn outside a classroom and for two or three days disrupting other people's freedom to learn."

**For Tax Withholding**

Quimby thinks withholding the state income tax would be much better than the present installment plan. He said he helped write the bill which provides \$155 million this year for some form of property tax relief but called less spending at the local level the "ultimate answer."

He said he hopes the state will either make a subvention to the county or direct payment to the property taxpayer to ease the burden. Schools, he said, will have to be funded by the property tax and state money.

"We've simply got to figure out a way to get people out of the automobile and into some form of rapid transit," Quimby said, adding that he supported a measure to allow the Los Angeles Rapid Transit District to pass bonds with a majority vote.

Assuming smog is caused by automobiles, Quimby says he would design minimum requirement for the internal combustion engine and forbid sale of cars that failed to meet the standards.

"Detroit ought to get off their duff," he said. "They have the capability."

## Olan Thompson

Olan (O.F.) Thompson, a Rialto truck driver, is making his fourth try for the Democratic nomination in the 72nd District. In 1968, he was defeated by the incumbent, Eugene Nisbet of Upland. He ran against Quimby as a write-in candidate in 1964 and as a formal candidate in

1966.

A native of Illinois, Thompson attended the University of Illinois and was an Illinois state policeman before coming to Rialto in 1952. For 12 years he was a member of the San Bernardino County Democratic Central Committee and was campaign manager of the Kennedy for President group in Rialto in 1960.

Thompson said he would like to see welfare costs cut, but he is not for cutting anyone out. "They may be on welfare now, but they paid taxes before," he said.

**Education Important**

He favors giving everybody all the education possible. "If you can't be educated to pay your own way, and contribute something to society, it's bad," he said. "If you get all the education you can, you've got a chance to survive."

He thinks if more taxes were placed on the oil industry, other taxes could be cut back. Although he thinks they are "taxed to death" now, if taxes have to be raised, he would pick racetracks, liquor and cigarettes.

He favors withholding state income taxes as a less painful way of paying them and means to avoid loss of revenue.

He would solve the Southland's transportation problems by using the existing rail lines for commuter trains.

He is making his support for continuing state funds for the Orange Show in San Bernardino a major campaign plank.

"The ladies like the Orange Show, and I am asking them for their support," he said. He said Quimby made a move to cut off the \$150,000 the Orange Show gets from the state in order to control jobs there.

## James Christensen

"It is imperative, for the fiscal health of our state and for the relief of its taxpayers that the alarming growth in state spending and taxation be curbed and then reversed," James

Christensen, Republican candidate said.

He proposes two steps to reduce taxes — to declare a moratorium on all new hiring of state employees except in essential categories designated by the governor — and to require all bills calling for expenditure to be accompanied by a five-year estimate of increased costs.

While recognizing the moral obligation to provide assistance to those in need Christensen wants more attention paid to motivating recipients to become self-supporting. He favors a "skill pool" program to relocate workers where they are needed in the state, backed by a 12-month phasing out of benefits if they refuse without a valid reason.

He also would recommend allowing welfare recipients to retain their welfare payments until they reach a specified level of income on a new job.

**Pay Welfare Bills**

Rather than lump-sum welfare payments which can be spent "at the liquor store or race-track," he wants to issue food and clothing stamps and make rent payments directly to landlords in the aid to dependent children program.

He wants welfare case workers instructed that their primary mission is to get the recipient off welfare.

Christensen would restrict state aid to schools to funds for teacher salaries, textbooks, basic supplies and teaching aids. He thinks there are too many school administrators.

**Against Busing**

He disapproves of "busing school children all over town" to achieve racial balance and thinks ghettos or slums will eventually disappear if children in impoverished areas are given a good basic education. He favors a massive program to get the best teachers into schools in poverty areas.

He sees revision of the judicial system as one step necessary to solve the crime problem. He sees the courts as "too permissive" and believes the

courts have handed down a series of decisions which "have completely hamstringed our law enforcement agencies."

"If private investors can't operate a licensed and franchised transit system, government can't either," he said. "We can not afford to create a monster that will devour future tax monies."

Christensen, 40, is a city councilman and former mayor of Upland. He ran against Quimby in 1964 and lost. He was active in the Reagan for Governor Campaign in 1966. He is currently president of the Foothill Freeway Association. He is public relations director for Associated Rock Co.

## Manuel Quevedo

Manuel (Manny) Quevedo Jr., a Republican, is on leave from his job in charge of the community relations division of the San Bernardino Police Department. He has been with the department 22 years and formerly headed the juvenile division.

He and his wife Jennie have two children, a daughter, Gloria Jean, and a son Frankie, with the U.S. Army in Vietnam. A native of San Bernardino, Quevedo served in the Navy in World War II and Korea.

He wants control of the welfare program at the state and local level, elimination of programs that "reward illegal and immoral activities" and favors the lien law, under which the state recovers welfare costs by the sale of the home on the death of a welfare recipient.

"I believe in tuition or higher fees for college students in

state institutions, as there are provisions to take care of those that cannot afford it," he said.

"I believe in academic freedom, but I don't believe that our tax supported institutions should be used as a sanctuary for breaking our laws. Why should a small minority of students disrupt the normal educational procedures for the majority?"

He thinks trespassers should be removed forcibly by police, if necessary.

He favors the Veneman bill (AB 149) to give back money to the county for the sole purpose of property tax relief. He does

not favor withholding because "this actually hurts the small business people who are already overburdened with other paper work."

**Private Transit**

Quevedo thinks a private firm such as Alweg could "do a lot better job in planning and financing" rapid transit than the government could. He thinks freeways should be better planned, with every effort made to avoid segmenting a community.

He thinks that all citizens must become involved in the enforcement of laws in their community.

"The American people are tired of the attacks upon our law enforcement agencies and are alarmed at the growing unrest in their tax-supported institutions," he said.

He thinks the schools are being used as springboards for attacks by "persons who are misinformed and misguided and who are, in reality, advocating the overthrow of our government and thus giving aid and comfort to our enemies."

Portugal discovered Mauritius, Holland named it and France gave it the official language. India, China and Africa nations populated the island in the Indian Ocean and Britain rules it. Now Mauritius want to rule themselves.

Factory workers in South Korea earn an average of \$21.15 a month, a survey by the Bank of Korea discloses.

## College Professor Democratic Central Committee Candidate

Drue Hampton, professor of Business Administration at Chaffey College and a candidate for the Democratic Central Committee, has briefly stated his position so that voters may know where he stands on the issues.

Hampton believes that government must be responsive to the needs of the people. There are problems here at home that will not go away, that will probably grow larger if we try to ignore or postpone them further. These problems should have priority.

Hampton, a practical economist, believes that government has the res-

ponsibility to see that taxes are held to the minimum level and that voters are entitled to their money's worth from their tax dollars. Tax money should be used to help people become the respectable citizens they would like to be, not motivate fathers to desert their families so that they become wards of the state.

Hampton stated that our total tax bill is certainly high enough to permit the solving of our domestic problems if only our system of priorities were changed so that we could work on them.

## Nazarenes To Elect New Superintendents

Delegates from Nazarene churches in this state and area will share in a rare denominational event at the 17th quadrennial General Assembly of the Church of the Nazarene at Kansas City, Mo., June 13-21.

For the first time in church history, three of the six Nazarene General Superintendents, who comprise the supreme governing body in the church, will retire on account of age. Delegates will elect their successors.

The closest comparable situation in Nazarene church history was 20 years ago, in 1948, when two of the four men in office were new.

**Highest Elective Post**

General Superintendent is the highest elective office in the Nazarene church. It corresponds to bishop in some denominations. The three clergymen retiring in June will have a total of 62 years of service in the office. They are: Dr. Hardy C. Powers, Dallas, Tex.; Dr. G. B. Williamson and Dr. Hugh C. Benner, both of Kansas City, Mo.

The three other incumbent General Superintendents will be candidates for re-election to four-year terms.

There will be a total of 680 official voting delegates at the Assembly, about half ministers and half laymen. They will represent 76 church dis-

tricts in the U.S., Canada, Britain and 47 other world areas.

Lawrence Whitcomb, 1822 Euclid, Upland, will represent this church district.

## Aerosol Tip: Be Prepared

Those insects that seem to pop up out of nowhere, especially when you are off to the beach or golf course, always congregate on one or two choice plants. Here's a tip on keeping them in check until the next regular over-all spraying. Carry a can of push-button spray with you when walking through the garden. When you see a few insects, spray them immediately. With a push-button spray that contains the same insecticidal ingredient you use in your regular spraying — such as the spray-can form of Spectracide — you can be assured of effective and quick control. Pushbutton sprays are by far the easiest to use — no mixing, no mess; just spray as you go.

**It's Original**

The statue of Winged Victory in the Louvre is the original. When found on the island of Samothrace in 1863, the statue was in many fragments but they were later carefully united.

Liechtenstein, a principality located between Austria and Switzerland, covers only 62 square miles and is smaller than the District of Columbia.

## Publication Scheduled For Delinquent Property

## College Trustees Approve Pay Raise

Annually the State Law prescribes the publication of all real property which has been delinquent five years or more and is to be deeded to the State of California for delinquent taxes, together with the Tax Collector's Notice of Intent to Sell to the State all real property for which the taxes, assessments and other charges for the Fiscal Year 1967-68 have not been paid and which are delinquent as of April 10, 1968.

The annual publication is revolved between the daily newspapers in the County and this year it will be published in the

Ontario Daily Report and will appear in the publications of June 3, 10, 17, 1968.

Copies of the publication will be mailed, upon request; such requests must be received on or before May 29, 1968 and addressed to Tax Sales Publication Division, County Tax Collector, 3rd Floor, Hall of Records, San Bernardino, California 92401. Requests received before the above date will be mailed direct from the Ontario Daily Report Office on or about June 7, 1968.

Chaffey College trustees approved an 8 percent salary increase for certificated staff at an adjourned meeting, last Tuesday.

The salary boost for regular day staff was accompanied by a 50-cent hourly raise for summer school and evening teachers.

The faculty had originally requested a 9.7 in-

crease and a summer pay schedule more commensurate with the regular schedule in terms of units taught.

Classified employees were granted an 8 percent raise in earlier board action.

At the Tuesday session, the board rescheduled its next regular meeting from May 21 to May 28. Trustees will convene at 4:30 p.m.

## Vehicle Violator Satirist-Humorist Speaker Percentages Drop

The percentage of vehicles found in violation by the Passenger Vehicle Inspection teams of the California Highway Patrol has dropped below 60 percent for the first time since the program began in 1966.

In March this year only 593 of each 1000 vehicles inspected were in violation of any of the 12 items checked. In August of 1967 the number of vehicles in violation in each 1000 inspected was 667.

"The lowering percentage of vehicles in violation appears to indicate that drivers in California are beginning to voluntarily keep their vehicles in proper mechanical condition and thus make the highways safer for all drivers," Patrol Commissioner H.W. Sullivan said.

"Lights are still the major problem in the inspection, accounting for more than 70% of all violations. Improperly ad-

justed headlamps are the cause of more than half the light violations."

The Patrol's Passenger Vehicle Inspection teams also set a record in March for the number of vehicles inspected when 138,186 passed through safety lanes throughout the state.

### Threading Elastic?

When threading elastic through a casing, fasten a safety pin to each end of the elastic, then when you pull the elastic into the casing, you can work the end back to the opening with the safety pin.

Claremont's own Richard Armour, author/lecturer/humorist, will offer the principal address to those attending Casa Colina Hospital's annual dinner on June 6th. His topic: "My Romance With Medicine."

Richard Armour is one of America's most widely read writers of humor and satire. A Ph. D. from Harvard, Dr. Armour has a list of teaching and lecturing credits which includes more than 200 colleges and universities.

He has been a research fellow in England and France, has written books of biography and literary

criticism, is on the editorial staff of three magazines, does book reviews for several newspapers, and lectures abroad as an American Specialist for the State Department. He is scheduled to return from such a lecture tour of Southeast Asia on May 30th.

Dr. Armour is best known, however, for the more than 5,000 pieces of light verse and even lighter prose which have appeared in over 200 magazines in the U.S. and England, including THE NEW YORKER, THE SATURDAY EVENING POST and PLAYBOY, and for books, which now

number 35.

Probably the most popular of Richard Armour's books is IT ALL STARTED WITH COLUMBUS, a shrewdly crazy history of the United States, which has been hailed as "a classic of American humor." Others include his well known spoofs of literature, TWISTED TALES FROM SHAKESPEARE, THE CLASSICS RECLASSIFIED and AMERICAN LIT RELIT; IT ALL STARTED WITH MARX, a devastating satire on Russian history and Communism; his collections of light verse, such as LIGHT AMOUR and NIGHTS WITH ARMOUR.

# Congressional Candidates Express Opinions

## QUESTIONS ASKED BY LEAGUE OF WOMEN VOTERS OF CANDIDATES FOR CONGRESS IN THE 24TH CONGRESSIONAL DISTRICT:

1. What changes, if any, would you advocate in federal policies to solve the problems of the cities?
2. What changes, if any, would you advocate in U.S. policy toward Southeast Asia?
3. How do you propose to meet the demands of the federal budget?
4. What should be the role of the federal government in the control of air and water pollution?

### MARSHALL I. DOUGHTY

### GLENARD P. LIPSCOMB

(Incumbent)  
Republican, Alhambra

Born 1915. Lived in California since 1920. Attended Los Angeles City Schools, U. of So. Cal. and Woodbury College. B.A. 1936, Hon. Masters, 1955, Hon. Assoc. in Arts, 1962. Served in Congress since 1953, now serving eighth term. Also served in State Assembly. Practiced Public Accounting. Served on House Appropriations Committee since 1958. Chairman, California Republican Delegation in Congress since 1959.

Question 1. The problems of our cities are many and the Federal Government can play a positive role in their revitalization. Critical areas relating to such matters as upgrading education and employment opportunities which may call for special aid. Massive programs directed from Washington are not the answer. Essential that Federal Government strive for improved atmosphere for cities to grow and to flourish according to their particular needs and wishes. Control of Federal expenditures to curb inflationary pressures is important to all cities and their inhabitants. Serious consideration should be given to proposals for some form of revenue sharing with States and localities. Job skills can be improved through programs such as the proposed Human Investment Act which will help bring into play industrial resources to help

give employment skills to many people.

Question 2. Positive steps must be found to end the Vietnam war and bring about a termination of the tragic loss of life and property the war represents. Developments over recent months emphasize the need for a frank and objective evaluation of the Vietnam situation. Administration policies of gradual escalation in Vietnam can and may well have served to prolong the war. Renewed efforts are needed to obtain improved contributions from South Vietnam and others in the struggle to combat Communist aggression. There is a need to use to better advantage diplomatic resources. The Administration could tie in the campaign for peace with the desires of the Communist bloc to engage in greater trade with the U.S. Such efforts can serve as an effective backdrop in the attempts to achieve effective and lasting peace in Southeast Asia.

Question 3. The current Federal budget proposal has come under serious challenge because of the nature and level of expenditures it proposes. In both House and Senate steps have been taken toward requiring sizable reductions in spending. Serious air and water pollution problems that already exist or which do not advance us along the road to reaching solution. Serious consideration should be given to tax adjustments.

Question 4. We as a nation cannot tolerate or afford attitudes which lead toward aggravation of the serious air and water pollution problems that already exist or

which do not advance us along the road to reaching solutions. Federal role should be one of active cooperation with the States and localities and with regional bodies, giving help and guidance and where feasible, support. Suggest research and development of programs to control air and water pollution. Tax benefits to promote air pollution control and sewage treatment policies would be beneficial. Use of area and regional bodies to work on pollution could be encouraged even more. Educational campaigns about the menace of pollution must be mounted and sustained.

Author books on U.S. Foreign Policy, Soviet Union, Yugoslavia, Germany. Organizer and director, two Pacem in Terris Conventions.

Question 1. Expand Demonstration Cities Program, effect better coordination, especially with Department of Transportation, so as to develop better rapid transit. Encourage regional government Associations. Increase and expand Head - Start Programs. Implement Report of National Advisory Commission on Civil Disorders, with emphasis on jobs for minorities and end to racial barriers. Would favor federal study of guaranteed annual wage.

Question 2. Stop all bombing of North. Agree to negotiate with both Ha-

noi and NLF to end war and set up coalition government, including NLF, in South; begin phased withdrawal of U.S. troops. Seek international guarantees for neutralization of Southeast Asia. Offer economic assistance to both North and South Vietnam. Reduce commitments to Thailand. Avoid future involvement in land wars in Southeast Asia.

Question 3. Enact 10% income tax increase but as strictly limited, temporary measure pending savings from end to Vietnam war, which is most important budgetary burden. Space program could be curtailed until budget in better shape. Tax system should be revised to plug loopholes.

Question 4. Better enforcement of existing legislation. Need federal legislation requiring anti-smog devices on all cars; enforcement procedures in programs against water pollution should be strengthened, with public federal inspection (with results made public) of all water systems. Government should further develop methods for water reclamation and grant loans for their installation.

Question 1. Genuine acceptance of all races as equals with violent repression as a last resort only. "Peace is the fruit of social justice."

Question 2. Immediate orderly withdrawal of all our military.

Question 3. Budget can be balanced with money saved from Vietnam.

Question 4. The pollution is caused mostly by corporations larger and more powerful than any one State. The federal government could control even Standard Oil. (If it were possible to keep S.O. from controlling the government.)

## Big Bear Location For Fourth Trail Ride

Big Bear will be the location for the fourth trail ride to be co-sponsored by San Bernardino County Regional Parks Department and Equestrian Trails, Incorporated. These trail rides are being sponsored to acquaint the public with the County regional parks and the need for riding and hiking trails. Riders and horses will enjoy the mountain air and beautiful views.

The trail ride will be held on June 8 and 9, 1968, and will begin at 9:00 a.m. sharp. A map of the area is enclosed; please follow trail ride signs. A \$1.00 trail fee will be charged all riders which will be used to defray expenses and to promote riding and hiking trails. Riders must furnish their own lunches and canteens. Cowboy coffee will be available at the base camp before the ride and at the noon stop. Warm clothing will be necessary.

Informal camping facilities are available at the starting point. Riders will cover about fourteen miles and return to camp.

A short ride on Sunday morning will also be held. For further information or to reserve rental horses, call or write the San Bernardino County Regional Parks Department, 316 Mt. View Avenue, San Bernardino, California 92401; tele - phone 889-0111, ext. 704.

Seven additional rides are scheduled as follows: San Geronimo, July 20; Stockton Flats-Mt. Baldy, August 17; San Jacinto Mountains - Idyllwild, September 21; Yucaipa Regional Park, October 12; Victorville - Summit Valley, November 16; Whipple Mountains-Colorado River, January 18; Prado-Santa Ana River, February 8 and 9.

## International Air Races June 8-9

The weekend of June 8 and 9 has been set for the annual Pomona Valley International Air Races and Show at Brackett Field, adjoining the Los Angeles County Fair Grounds in Pomona.

The event is staged annually by the American Aerospace and Military Museum, an approved charity and non profit group, with proceeds going to build a permanent building for the air museum in the Los Angeles area.

The year's event will feature aerobatics by the top pilots in the world, as well as air races, military aircraft and mass sky diving demonstrations and numerous ground displays.

## Elected To Orange Show Board

I.J. Gabriel, San Bernardino businessman and longtime committee member of the National Orange Show, has been elected to serve a three year term on the board of directors of the citrus exposition.

Gabriel, who has operated the Mountain Water Ice Co. in San Bernardino and other ice and refrigeration plants throughout the state for many years, is a 47-year resident of this area.

For the past 15 years, Gabriel has served on various committees of the National Orange Show, including the show production and reception committees.

A graduate of San Bernardino High School, the new board member attended San Bernardino Valley College and the University of Southern California. He is a World War II veteran and a member of the Holy Rosary Catholic Church and Elks Lodge 836.

## WESL Tags Month of May For Recruiting

April showers may have brought May flowers, but May will bring new members to the West End Symphony League.

The annual membership tea will be held in the Georgian Colonial home of Mrs. Harvey Glenn Doody, Upland, today.

Mrs. Doody, a newcomer to the West End, is a 20-year, charter member of the Long Beach Symphony Association Guild of the Los Angeles Philharmonic Orchestra. She is also a member of the Chaffey Art Association.

Heading the membership tea is Mrs. Simon Klitenic, general chairman. Other chairmen are Mmes. Barry Brandt, invitations; William Hyde, catering and Morris Rivers, invitation response.

Potential members are urged to contact league president, Mrs. Sydney Shaner, 982-6390.

### IN SERVICE

Army Specialist Five Warren L. Olson, 22, son of Mrs. Shirley L. Olson, 435 N. Vernon, Azusa, Calif., received the Air Medal April 27 near Pleiku, Vietnam.

Spec. Olson, earned the award for combat aerial support of ground operations in Vietnam.

The specialist, a crew chief in the 219th Reconnaissance Airplane Company, entered the Army in December 1965 and completed basic training at Ft. Benning, Ga. He arrived overseas last July.

The specialist, a 1963 graduate of Azusa High School, attended Chaffey Junior College at Alta Loma.

His father, William P. Olson, lives at 12705 Foothill Blvd., Etiwanda.

**Groups Endorse Recall**

The Recall Reagan drive was unanimously endorsed, May 4, 1968, by the International Association of Machinists, at their national conference in San Jose. The Central Labor Councils of Alameda, Contra Costa, and San Bernardino Counties endorsed the Recall Reagan drive during the following week.

Mrs. D.E. Veira, 936 Buffington, Upland, 985-3938, City Chairman, says Recall workers have stepped up their activities. A vigil is being held daily at the State Capitol to represent the petitioners, and a picket line is also set up in front of the Governor's office at 217 W. First Street in Los Angeles. At the Ventura County Court House, Recall workers will hold a noon hour vigil Monday through Friday.

Mrs. Veira has a list of over forty carriers in the West End, to whom she can direct signers. Some of these carriers are, in Ontario, Mrs. T.A. Harrington, 749 Amador Avenue, 984-1531; Mr. and Mrs. Oscar Wiltsey, 820 N. Cucamonga Avenue, 984-1177; Mr. Gerald Guerra, 1477 E. Hawthorne, 986-0769; Mr. Ted Jones, 1733 S. Pleasant, 985-0494; Mr. Peter R. Schiavoni, 921 E. Granada Court, 986-2427; and Mr. James Croutcher, 935 West D Street, 984-0437. In Montclair, Gwen Wallace, 5366 Alamosa, 626-5326; and Mr. George Morin, 10279 Marion Avenue, 624-6160. In Upland, Mrs. Wesley A. Brownell, 744 Shaasta Way, 982-7432, and Mrs. D.E. Veira, 936 Buffington, 985-3938. In Claremont, Professor and Mrs. James M. Robinson, 3560 Padua Ave., 624-4852. In Chino, Mrs. R. C. Clay, 4292 Walnut, 628-6531.

The petition asks for a recall election to remove Ronald Reagan from the office of the Governor of the State of California, and it states: "Ronald Reagan is not competent in matters of government and public affairs; has undermined and demoralized the entire California Health Program, thereby causing great human suffering; has injured the University and State College System and endangered the educational standards of the State of California; and is attempting to further his personal ambitions at the expense of the people of the State of California."

**Signals Prevent Accidents**

One of the best ways to protect yourself from accidents is to be sure and let the other drivers on the road with you know what you are going to do, according to Captain Vern Nicholson of the San Bernardino Area of the California Highway Patrol.

"You are legally required to give signals when making turns, changing lanes, slowing down or stopping," Capt. Nicholson said, "and signaling is also one of the best ways to protect yourself from accidents."

"There is no way for the other driver to know which way you are turning or what you are going to do unless you show them by signaling."

"Many drivers fail to give signals when turning or wait until they have already turned before signaling. There are few quicker ways of causing an accident than this."

Your contribution to the City of Hope on Hope Sunday, June 9, will support free patient care, research and education in the major maladies of our era. Give generously.

# Bid Opening In June Set For Area Roads

The California Division of Highways is calling for bids this week on 23 projects, seven of which are in Los Angeles, Ventura, Riverside and San Bernardino counties. Included in San Bernardino County are:

Revising the intersection area, and installing traffic signal and highway lighting systems on Euclid Avenue (Route 83) in Ontario, at its intersection with Philadelphia, Francis, and I Streets, plus a device to change the signals at the approach of railroad trains at the latter intersection.

Bids will be opened June 13 in Los Angeles. Approximately \$87,000 is available for the project, including a \$43,600 contribution by the City of Ontario.

Bids will be opened June 13 in Los Angeles. Approximately \$351,000 is available for the project.

Highway signs will be upgraded at the 13 following locations in San Bernardino and Riverside Counties:

Route 18 from the junction of Route 36 at Greenway Drive to Interstate 15.

Route 38 from the junction of Route 18 at Greenway Drive to Route 18 at Big Bear Dam.

Route 62 from Sunset Boulevard to Twentynine Palms.

Route 71 from the junction of Route 395 to Route 74.

Route 83 from Route 60 to Route 30.

Route 95 from the Riverside County line to Interstate 40.

Route 138 from Interstate 15 to Route 173; and from just south of the West Fork of the Mojave River Bridge to Route 18.

Route 173 from route

138 to Route 18, Route 189 from Route 18 to Route 173, Route 206 from Highland Avenue (Route 30) to Interstate 15.

Bids will be opened June 13 in Los Angeles. Approximately \$32,000 is available for the project.

## College Students Seek Summer Jobs

Chaffey College's student placement office reported that at least 100 applicants are still in the market for summer employment.

More than 70 of the applicants are women seeking sales or clerical work entailing a 40-hour week, Chaffey Placement director Mary Johansen said.

Prospective employers may confer with Mrs. Johansen or the California State Employment Service's Mrs. Marilyn Perry by calling the college numbers 987-1737, 822-7456 or 626-9811.

## Chaffey Official Named Regional Representative

Chaffey College president Harry D. Wiser has been named to serve as a regional representative on the California Junior College Association board of directors.

He will represent administrators of the eight colleges that comprise Region 7 in CJA's new district structure.

Chosen to represent Region 7 trustees on the state board was Mrs. Carolyn Duffenbaugh, president of the Riverside City College Board.

Faculty representative from this region will be Madeline Chapman, Antelope Valley, retiring president of CJA's original southern region.

"The new arrangement will provide teachers, administrators and trustees an equal voice in developing policy on the regional and state levels," Dr. Wiser said.

# STEP Nearing Halfway Point

The Summer Teen-age Employment Plan (STEP) is almost halfway to its goal of finding 1,000 jobs for young adults (16-21) from the ranks of the disadvantaged minority races.

A joint operation by government and private enterprise, it was initiated by the Board of Supervisors as a test to see what private and government entities could do to help end summer unemployment among youth without resorting to special government funding.

So far over 400 jobs have been pledged and some 55 hard-to-reach youth employed.

Almost all the response has come from large employers and now the STEP organization is turning to the smaller enterprises to fill their operation quota of 1,000 jobs by June 17.

Under the general chairmanship of Daniel D. Mikesell, supervisor chairman STEP is at-

tempting to find "new" summer jobs for the disadvantaged, not to place them in the usual summer job slots.

Small enterprises will be asked, via letter and personal contact, to take at least one disadvantaged youth for the summer so the youth can gain job experience leading to permanent work or earn enough money to return to school.

The placements are being coordinated through the state's Youth Opportunity Center in Colton and the Ontario-Upland state employment center in the West End.

The idea grew out of the Management Council for Merit Employment created by the Los Angeles Chamber of Commerce and is supported by that group and its Pomona chapter.

If successful this summer, as it has been in other areas, STEP hopes a San Bernardino County

chapter can be established.

Supervisor Nancy E. Smith has been chairing meetings in the east end of the San Bernardino Valley and Supervisor Ruben Ayala has been chairing meetings in the West End to sell the idea and get job pledges.

The main contributors of jobs so far include: Aerospace Corporation, Lockheed Aircraft, General Electric Aircraft, General Electric Flat-iron, Etiwanda Steel Producers, Sunkist Products, North American Rockwell and Kaiser Steel.

To hire the youth in governmental entities, STEP is looking to bypass normal civil service machinery to make it easy for the youth to qualify for special job slot designations. Under no circumstances does STEP want the youth to compete with union personnel for jobs.

We want the youth to have a chance to earn

money, develop job skills, develop work habits, feel a part of the community and hopefully continue their education, said a STEP spokesman.

## Local Man Wins Kaiser Idea Award

Andrew Oddi, steel worker and composer, won a new color television in Kaiser Steel's May Idea Proposal Award Drawing at the Fontana plant.

Oddi was among 93 employees who qualified for the drawing by having their cost-savings ideas approved for installation during April.

Oddi, a tester in the Metallurgical Department, qualified for the May drawing by suggesting a modified coulometric analysis procedure which is a method used to determine the zinc-iron alloys in the coating of galvanized sheet.

## Pettis Urges All To Be Thankful On Memorial Day

WASHINGTON, D.C. -- week we bow our heads in prayer and proclaim to all that it is truly worth being an American. On Memorial Day I urge all Americans to thank Almighty God for our great heritage of freedom -- ours because there were Americans willing to

fight and to die for constitutional government which champions the dignity of the individual.

Everything we possess in this great nation is due to those sacrifices. The quiet beauty of flowers, the silent grey and white markers in cemeteries from Arlington to those in our beautiful California desert, speak eloquently of the young men who have made the ultimate sacrifice for the ideals of freedom.

Even as we strive for peace, they are dying in the rice paddies and jungles of Vietnam to maintain the fundamental concepts of human rights and liberty.

Never have the ideals of freedom and democracy found safe refuge. The sacrifices they make today and those who served before them are a constant inspiration in these troubled times.

It is fitting that we gather on Memorial Day each year in solemn reaffirmation of our vows not to allow our honored men and women to have died in vain. This annual act of enthusiasm and faith embodies our belief that democracy and freedom are precious beyond price.

To many of the nation's families, Memorial Day means a vacant place at the table. There are American mothers who must live out their days with only the previous memories of sons who have died to protect the Constitution.

Through misty eyes we see the countless thousands of American fighting

men pass in review -- these are the heroes whose blood shed in battle paid the price of keeping wonderful America free. Let there be a solemn and reverent appreciation for the most obscure fighting man who today lies in a hero's grave. And let there be an appropriate salute for American veterans still living -- still rekindling true patriotism.

All of us are born free. Free to pursue our lives, our goals and our ambitions within the bounds of the Constitution that protects the inalienable rights of the individual. Those who dissent should be reminded that their right to dissent has been paid for by the sacrifices of others.

## Coaches Choose All-SAL

Upland High dominated all-league selections on the San Antonio League Baseball teams voted by the coaches, placing four on the first team and one on the second team.

Monclair High placed one player on the first team, Darrell Cederlind, only repeat from last year, and one on the second squad, outfielder Bob Winkler, even though the team itself finished the season in last place in league standings.

## Mariner Scouts Earn Top Awards

The three Mariner Girl Scout troops of the Spanish Trails Girl Scout Council returned from their annual Mariner Gam with top awards.

The "Clipper", second place award, was given to The Gemini of Whittier and The Flying Dolphin of Claremont. The Lexington of Glendora was presented with the "Schooner", which is the third place award. All awards given at the Gam are based on a point system given for the various events. The girls entered the events by patrols consisting of five to nine members each.

This year's Gam, held at Hansen Dam in the San Bernando Valley, was attended by 300 Senior Girl Scouts from seven councils. These girls and their advisors get together each year to share ideas and

interests in their main area of concentration in the Senior Scouting program which is nautical skills.

A patriotic theme, Gam O Sam, was carried out during the three day weekend activities. Some of the many events in which the girls competed

were: "Sea around us", knowledge of tides and weather; "Get the message", ways to communicate from ship to shore; "Help", knowledge of water front safety; "It could happen", demonstrating first aid; "Who are you?", a knowledge of Scouting in the Mariner program.

## Committee Chairmen Appointed For WESL

Mrs. Sydney Shaner, president of the West End Symphony League, recently announced the appointed committee chairmen for 1968-69.

The are Mmes. William Barna, program; C. Kenneth Brooks, publicity; Francis Pehlman, auditor; Henry Lucas, parliamentarian; L. L. Young, newsletter and Karl Seligman, decorations.

Mrs. Samuel Luginsky was named school coordinator with Mmes. Theo. Nowak, historian; Melvin Marks and Al Wegener, ways and means; Cecil Goss, telephone and Lawrence Kartun and Tada Sato, round robin bridge.

Opening ceremonies will be handled by Mrs. Donald James and scholarship by Mmes. Barry Brandt and Samuel Esrock.

## Wine Industry Shipments Up

Shipments of California wine for the first quarter of 1968 are 11.4 per cent ahead of last year's record pace, according to figures released today by Wine Institute. The first-quarter total is 41,436,614 gallons, compared to 37,187,266 gallons for the corresponding period last year.

Dessert, table, and sparkling wines all shared in the gain. Sparkling wines led with a 32.3 per cent increase. Table wines gained 17.4 per cent. Dessert wines were up 6 per cent, their biggest gain in recent years. The shipments in gallons were 1,191,781 of sparkling wines, 18,249,192 of table wines, and 21,995,641 of dessert wines.

Californians themselves accounted for a great share of the gain. Shipments of California wine within the state registered a gain of 12.6 per cent, while other wines showed a decline of 0.1 per cent in the California market for the quarter.

## Casa Colina Plans Dinner

Casa Colina Hospital announces its annual dinner meeting on Thursday June 6. The dinner, to be held in the hospital dining room, will have as its fare a Continental Buffet prepared by Chef Albert Leland.

Table decorations will be coordinated around the color theme of the Annual Report, and will be created by Mrs. Janet Hoxsey, Community Relations Representative.

The evening's program offers as principal guest speaker, Richard Armour, noted author, humorist and lecturer. Armour has chosen as his topic, "My Romance With Medicine," a light, informal, personal talk, appropriate to the hospital and to the occasion of its 30th anniversary.

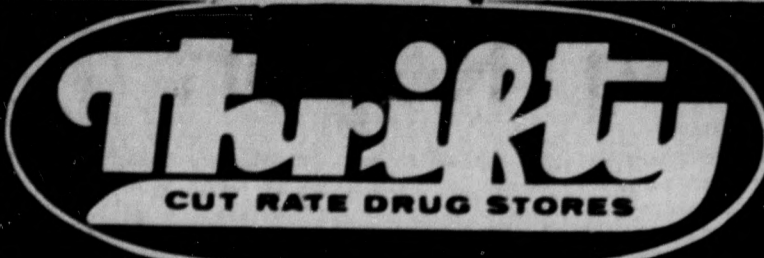

## SCAG Honors Mikesell With Executive Post

San Bernardino County Supervisor Daniel D. Mikesell is presently holding the position of vice president of the Southern California Association of Governments (a voluntary advisory forum of cities and counties). He was elected to the post by the SCAG Executive Committee in February.

Formerly Mayor of Ontario, Supervisor Mikesell was elected to the San Bernardino Board of Supervisors in 1954 and served until 1958. In 1962 he was reelected and is presently Chairman of the Board.

During his successful political career, Mikesell has been active in the fields of aviation, highways, recreation and water. He is also chairman of the Association's Committee on Aviation and Airports, and chairman of the California Supervisors' Association Committee on Airports.

## TV's Largest Family Due At Carousel June 18-23

Television's largest family -- the wonderful King Family is due at the Carousel for a week, June 18-23.

There are brothers, sisters, nephews, nieces, aunts, uncles, and even cousins--all healthy, extra-goodlooking, talented and full of life and energy. It all started back in Salt Lake City where Mormon William King Driggs was born in 1885. William was a natural musician, who taught music and then went into vaudeville for a spell. After William came the King Sisters, Maxine, Lucile, Alyce, Donna, Yvonne and Marilyn and they started singing with band-leader Alvina Raye. Pretty soon the girls were as well known as Alvina;

### Mennonites To Hear Masterpiece

Franz Joseph Haydn's oratorio, "The Creation," will be presented Friday, June 7, 8 p.m. at the First Mennonite Church, 379 N. Campus, Upland.

The Music Festival Association's forty voice choir will be directed by Mr. Jean Pilon of Claremont. Organist for the performance is Donna Robb, Riverside.

The Music Festival Association was organized in 1967 to present masterworks of choral music to interested audiences and to provide an outlet and opportunity for experienced and aspiring singers. During these two seasons the oratorio choir has given six presentations of "The Creation," and has performed Felix Mendelssohn's oratorio, "Elijah," twice in the Pomona valley area.

### Upland Phi Beta Kappa

Patricia Callaway, 21, daughter of Mr. and Mrs. C. J. Callaway of 78 W. 7th, Upland, was one of 60 candidates elected to Iota Chapter of Phi Beta Kappa, the national Scholastic honor society, at the University of California, Riverside.

Miss Callaway, a senior, is a political science major at the university.

The number tapped for membership this year is the largest in the four year history of Iota Chapter.

Chapter Secretary Robert A. Nisbet, UCR professor of sociology, said the new members will be initiated in ceremonies scheduled for 3:30 p.m. June 3 at the residence of Chancellor Ivan Hinderaker, 4171 Watkins Drive.

All members of Phi Beta Kappa are invited. A reception for parents and friends of the new initiates will be held at the Chancellor's residence following the ceremonies.

Since 1776, election to Phi Beta Kappa has been considered the single most important recognition of superior academic performance by students in the liberal arts. UCR's Iota Chapter, established in 1964, was the third Phi Beta Kappa chapter -- after Berkeley and UCLA -- in the UC system. New chapters have been established recently at Davis and Santa Barbara.

Temperance Union Gathers Pennies For Youth Work

Four departments were presented when the Upland Woman's Christian Temperance Union held an institute Friday in the home of Mrs. Iva Marr.

Mrs. Marr sang a solo "There's a Land that is Fairer than Day" in memory of Hannah Read and Mabel Merchant, who were being honored this day.

The "Harvest of Pennies" came to \$31.00 which will be used for the youth work in which they were interested. A total of \$16.50 was allotted to pay for local school essay prizes.

## Critic Details Warren Report Failures

ALTA LOMA -- Film of the assassination of President John F. Kennedy shows that he was shot from in front and not from behind, a critic of the Warren Commission said here Tuesday.

Mark Lane, author of the book, "Rush to Judgment," told about 1,000 persons in the Chaffey College gymnasium that the Zapruder film shows Kennedy grabbing his throat and leaning forward when he is suddenly hurled backward by a fifth and fatal bullet.

Lane, an attorney currently serving as a consultant to New Orleans Dist. Atty. Jim Garrison, said everyone he has talked to that has seen the film agrees that Kennedy was shot from the much-publicized grassy knoll near the book depository in Dallas.

Grand Jury The film, portions of which were published by Life magazine when it called for the reopening of the investigation, was obtained from Life by Garrison and has been seen repeatedly by the New Orleans Grand Jury, Lane said. The grand jury is considering evidence by Garrison that Clay L. Shaw was involved in a conspiracy to kill President Kennedy.

Lane took issue with the Warren Commission's "single-bullet theory" which maintains that Kennedy was shot from behind by one man and that the bullet passed through Kennedy and wounded Texas Gov. John Connally.

Lane said five shots were fired that day: the first struck Kennedy in the back but did minor damage; the second hit him in the throat, went down his chest and did not exit; two more were fired, one hitting the curb and the other hitting Gov. Connally; and the fifth was the fatal bullet which struck Kennedy in the head.

Skipped Evidence Most of the 1½-hour talk by

Lane was spent in attacking the method by which the Warren Commission arrived at its conclusion that Lee Harvey Oswald was the lone assassin. He said the commission's investigation skipped evidence which was "inconvenient to its preconceptions." It arrived at its conclusion because the national tranquility required it, he said.

Lane also attacked the FBI and the national news media. The federal government has impeded Garrison's investigation by obtaining injunctions that nullify subpoenas to obtain witnesses for the New Orleans investigation, the speaker said.

Lane cited the refusal to honor the subpoena ordering Allen Dulles, former head of the CIA, to testify.

Attacks on Garrison The news media has made unfair attacks on Garrison and reports only what it knows to be untrue, Lane also charged.

Reports that Garrison was discharged from the Army because he was crazy are untrue, Lane said. He added that Garrison was decorated for bravery during World War II and is a member of the Army Reserve.

No report hurt Garrison as much as the one that said he was discharged for being mentally deficient, Lane said, but Garrison refuses to answer personal charges because it would leave no time to continue the present investigation.

Citing what he termed a characteristic "breakdown in communication" with newsmen, Lane said that during a press conference one reporter asked Garrison why he continued his investigation despite disapproval from an unnamed authority in Washington, D.C.

Lane said Garrison's answer was a quote from Virgil, the Latin poet: "Let justice be done, though the heavens collapse."

The newsmen then queried, "What's this Virgil's last name?"

# Candidates Answer Questions

This information is presented as part of the Voters Service Program of the League of Women Voters of West San Bernardino County. The league is a non-partisan organization whose purpose is to promote political responsibility; it does not support, oppose or evaluate candidates. Biographical information was supplied by the candidates. Answers to the questions are given in the candidates' own words.

## QUESTIONS ASKED BY THE LEAGUE OF WOMEN VOTERS OF CANDIDATES FOR CONGRESS IN THE 33rd CONGRESSIONAL DISTRICT:

1. What changes, if any, would you advocate in federal policies to solve the problems of the cities?
2. What changes, if any, would you advocate in U.S. policy toward Southeast Asia?
3. How do you propose to meet the demands of the federal budget?
4. What should be the role of the federal government in the control of air and water pollution?

1 col

### JERRY L. PETTIS (Incumbent) Rep

Republican, Loma Linda

Occupation: Member of Congress; Space Science and Applications Subcommittee of Science and Astronautics Committee Congressional Republican Policy Committee; National Commission on Fire Prevention Control Education; B.A., Pacific Union College; Hon. L.L.D., California College of Commerce. Other: Loma Linda University faculty nineteen years, Vice President for Development, Chairman, Board of Councilors, Avocado and citrus grower. Founded four major businesses. Age 51.

**Question 1.** Our cities are plagued with a multitude of problems. In the past the Federal Government has tried to solve these problems from far-off Washington. This attitude must change. More local control is needed if these problems are to be solved. In certain areas, such as job training and re-training, the national government through tax credits and grants can help solve unemployment, which is the root of many of our urban problems.

**Question 2.** A complete reassessment of our foreign policy is long overdue, not only in Southeast Asia but in the entire world. We have no recognizable long-time goals at this time. To set realistic foreign policy goals our grave domestic problems must be considered. America cannot continue to finance the whole world through foreign aid while serious problems here at home are not being solved.

**Question 3.** The United States is faced with a fiscal crisis - the very future of our dollar is at stake. The Vietnam War and domestic spending have placed a great strain on our federal budget. The President and the Congress must work together to bring about added economies. As each of us in our private lives must set spending priorities, so must our government. Even after a cut in federal spending, it appears that additional taxes may be necessary.

**Question 4.** National minimum standards for the control of air and water pollution are needed. However, states and local governments must be able to set or enforce stricter standards just as California has been allowed to do under recent Federal Smog Control legislation. States will need Federal assistance in areas where the solution to pollution problems crosses state boundaries.

### AL C. BALLARD

Democrat, San Bernardino

Occupation: Mayor of City of San Bernardino. Other: Born Bardstown, Kentucky. Served five and one half years with U.S. Navy, World War II. Resident of San Bernardino since 1945. Established thirteen successful businesses. Elected mayor, 1965, re-elected 1967. Married, three children. Age 46.

**Question 1.** I favor a direct tax rebate to the cities on a per capita basis. The cities can solve

their own problems if they are provided with the proper resources. I would also favor a reduction in the excessive red tape involved in applying for public works monies and a decentralization of those federal departments concerned with urban problems to bring them closer to the people.

**Question 2.** I favor a complete re-evaluation of our policy in relation to Southeast Asia as far as our own goals and the political, social and economic realities of the area. We should also urge Japan to increase her own responsibility in support of the economic and political stability and development of Southeast Asia on a regional basis.

**Question 3.** We must make a choice between butter and guns. I favor a curtailment of our commitments abroad to meet the priorities facing us here at home. I would also support a move to halt Congressional junketing abroad. The space program should be cut back.

**Question 4.** The federal government should relieve local and state governments of this burden and assume the responsibility itself for providing the necessary research and funding of a program to enforce the effective control of air and water pollution on a national basis.

### JOHN E. HUSING

Democrat, Rialto

Occupation: Chairman, Business Department, San Bernardino Valley College, teaching economics. Education: BS and Master's degrees in economics. Other: Currently working on PhD, specifically dealing with San Bernardino County's unemployment problems. If we are to stop this country from becoming another Los Angeles, we must elect leaders who have worked with labor, business, ethnic and educational leaders to solve its economic problems. I have done this.

**Question 1.** Our society's survival depends on our ability to solve the economic and moral crisis clawing at our cities. Just as the Federal Government was able to mobilize men, material, and knowledge to master the problems of space, it must now do so in the city. The task of rebuilding urban America must become our government's immediate and most pressing priority.

**Question 2.** Americans cannot fight wars which Asians will not fight for themselves. Even by military victory, America could not win support for governments unresponsive to their people. We can help solve the Asian problem by using political and economic influence to help create Asian governments which Asians are willing to fight for and support.

**Question 3.** America cannot afford both the war and the agony in our cities. As our highest priority must be rebuilding urban America, we must begin to divert funds from the war to that purpose. If this is done, the natural

growth of the American economy will allow us to balance the federal budget.

**Question 4.** National regulation of air and water pollution is imperative to stop our society from creating an environment in which we cannot exist. Only national regulation will prevent states from using low standards

to lure industry. California, as a leader in pollution control, is suffering economically from lack of such regulation.

**EARL D. WALLEN**  
American Independent, Rialto

At time of printing, no response to the League's questionnaire had been received from this candidate.

## Garrick Players Busy With 'Laughing Gas'

A large and energetic cast is in rehearsal for the comedy of murder and love, *Laughing Gas*, slated for production May 30, 31 and June 1, then June 6, 7, and 8, at 8:15 in The Castle, Cand Lemon, Ontario, home of Garrick Players.

Dick Colvil of Montclair, is making his debut as director of *Laughing Gas*. A five-year member of Garrick Players, he has been an active backstage worker, and served as stage manager of many productions of the last two years. He was seen as the slick medium in the January play, The

Agent, and appeared in *Ten Little Indians*, and *Man Who Came To Dinner*.

Colvil's first work in front of the public was as a clown in the many parades that he has organized and led, including the All-States parade in Ontario, and the American Legion parades in Pomona.

The chorus girl who falls in love in played by Judy Jacobs, a new resident of Upland. Her policeman boy - friend is played by Al Barry, Pomona. Aunt Amy, the chaperon, is played by Carol Dowling, Upland. Other

Upland cast members are Karen Kregel, cast as Olga, and Bob Van Allan, who is the marrying judge. A brother and sister from Montclair, Sheila and Stacy Paul, play Mrs. Merline, and Tony La Porte.

Ontario residents complete the cast: Helen Weissleder as Penny, Becki Smith as Vivian, Margaret Holder as the beatnik poet, Flavia.

A preview showing of *Laughing Gas* is being held at Casa Colina for the mobile patients and the staff.

In this tuition Graduate Fellowship Program,

there are 850 fellowships available to a maximum of tuition and fees for the academic year 1968-69 at the graduate schools selected by the fellowships. Fellowships are awarded to academically able students who are in need of financial assistance at the graduate school they will attend.

Although most of the fellowship winners are being selected at this time, there still remains a list of alternates composed of fully qualified candidates whose qualifications although outstanding are just below those of the initial award winners. As vacancies develop in the program, these students will be selected as additional winners.

If you have questions concerning the program or wish additional information, please feel free to call upon the Commission offices in Sacramento.

YANKEE DOODLE VELVET CRUMB CAKE

- 1 1/2 cups Bisquick
- 1/2 cup sugar
- 1/2 cup cocoa
- 3 tablespoons soft butter
- 1 egg
- 1 cup milk
- 1 teaspoon vanilla

Heat oven to 350°. Grease and flour a square pan, 8x8x2 inches. Mix Bisquick, sugar and cocoa. Add butter, egg and 1/2 cup of the milk. Beat 1 minute with electric mixer at medium speed. Add remaining milk and the vanilla. Beat 1/2 minute. Pour batter into prepared pan. Bake 35 to 40 minutes. Frost. 9 servings.

This cake is a new variation of our old favorite, the Velvet Crumb Cake. Since the original is so popular, we turned it into a fudge cake — just as simple to do, just as fine and even in texture. And to double the fudge

## Civil Service Positions Open

The Interagency Board of U.S. Civil Service Examiners for San Bernardino and Riverside Counties, 380 West Court St., San Bernardino, (92401) has announced a Civil Service Examination for Preservation Mechanic and Preservation Mechanic (Field Equipment).

The positions to be filled from this examination are located at the U. S. Marine Corps Supply Center, Barstow, beginning salaries are \$3.24 and \$3.38 per hour. Future vacancies for Preservation Mechanic and Preservation Mechanic (Field Equipment) in all Federal agencies in San Bernardino and Riverside Counties may be filled from this examination.

Additional information, including qualification requirements, may be obtained from the examination announcement which is posted at various Post Offices and at the Interagency Board.

Interested persons

should file application forms SF-57, CSC Form 5001-ABC and Supplemental Form FB-8-09 for Preservation Mechanic with the Interagency Board of U. S. Civil Service Examiners for San Bernardino and Riverside Counties, 380 West Court St., San Bernardino, (92401). The forms may be obtained from various Post Offices or from the Interagency Board. Applications will be accepted until further notice.

The U.S. Civil Service Commission announces examination for employment in the Air Reserve Technician Program as Electronic Auto Pilot Mechanic, W-10 and Military Personnel Staffing Technician, GS-7 at Norton Air Force Base.

Full information and applications may be obtained from the Post Office or from the Executive Secretary, Board of U.S. Civil Service Examiners, Ellington Air Force Base, Texas 77030.

## Set Four Federally Funded Programs In Chaffey Dist.

Four programs will be carried on through the federally funded Compensation Education Plan in the Chaffey Union High School Dist. next year following approval of an application for \$72,830.

The action taken by the Board of Trustees at its May 20 meeting will allow 325 students to enroll in the corrective and remedial classes.

They will include: Reading, Mathematics, Laboratory, Audio-Visual History and a new course, Systematic Sociometry.

The latter course will be given at the Ontario High School and is a special guidance program for potential school dropouts.

The other courses, which have been in existence since the 1966-67 school year, are conducted at Chaffey High School.

Funds for the educational enrichment programs are made available to school districts applying under provisions of Title I of the Elementary and Secondary Education Act of 1965.

### Cookout A Go-Go

by Betty Crocker

Planning a summertime frolic for the lively teen-agers? Why not go "a go-go" right in your own backyard! Turn the patio into the dance floor, decorated with leftover bird houses filled with garden flowers — or colorful hi-fi jackets tacked to the side of the house. Use current hit records for spinning the swinging sounds. Then for a feast that's teen-irresistible, serve juicy, glorified beefburgers. And, of course, chewy, crunchy Go-Go Fudge Squares for dessert — what else! With potato salad, cherry tomatoes, dill pickles, ice cold pop sandwiched in-between. And you've created a magnificent midsummer night's dream, Mom — teen-age style.

#### GLORIFIED BEEFBURGERS

- 1 1/2 pounds ground beef
- 1/4 cup catsup
- 1 tablespoon prepared mustard
- 2 teaspoons horseradish
- 1 medium onion, finely chopped
- 1 1/2 teaspoons salt
- 3/4 cup soft bread crumbs
- 1/2 cup milk
- 2 teaspoons Worcestershire sauce

#### GO-GO FUDGE SQUARES

- 2 squares (2 ounces) unsweetened chocolate
- 1/4 cup butter
- 1 cup granulated sugar
- 2 eggs
- 1 1/4 cups Bisquick
- 1/2 cup chopped nuts
- 1/4 cup soft butter
- 1 tablespoon milk
- 2 cups sifted confectioners' sugar
- 1 teaspoon vanilla
- 1 1/2 squares (1 1/2 ounces) unsweetened chocolate

Combine all ingredients. Shape into 6 large patties. Broil over hot coals about 6 minutes on each side until browned outside and medium inside.

To test the heat, hold your hand palm down over the grill near cooking level. If you can keep it there 3 seconds, the heat is right. Buttered buns can be wrapped in foil and heated alongside sizzling burgers. And to fashion fudge squares, fan-tabulous, here's the secret formula.

### GLAMOUR IN AN OMELET

Frozen artichoke hearts lend elegance and fine flavor to a puffy omelet — an excellent choice for a meatless meal that is easy to prepare and satisfying.

#### Puffy Omelet with Artichoke Hearts

- 1 package (9 oz.) frozen artichoke hearts
- 1 1/2 tablespoons lemon juice
- 1/2 to 1 teaspoon garlic salt
- 2 tablespoons butter, melted
- 4-egg puffy omelet
- Creamy Sauce

Cook artichokes as directed on package, adding lemon juice and substituting garlic salt for salt before simmering. Drain. Coarsely chop about 1/2 of the artichokes; reserve remaining artichokes for garnish. Add 2 tablespoons butter to chopped artichokes; stir until melted. Keep all artichokes warm.

Prepare omelet as directed in your favorite recipe. When omelet is well puffed and delicately browned on the bottom, place pan in a 375° oven for about 4 minutes, or until top of omelet is firm.

Spoon chopped artichokes over half of omelet. Fold omelet in half and slide onto warmed serving platter. Garnish with reserved artichokes. Serve with Creamy Mushroom Sauce.

**Creamy Sauce:** Dilute 1 can (10 1/2 oz.) condensed cream of mushroom or cream of chicken soup with about 1/2 cup milk. Heat and serve over omelet.

## World's Top Pilots To Display Wares At Brackett, June 8-9

**WORLD CHAMPION** -- Art Scholl of San Bernardino, one of the world's top aerobatic pilots and leading candidate for world championship honors, will be one of the featured fliers at the Pomona International Air Show, June 8 and 9 at Los Angeles County Fair Grounds in Pomona. Art is the son of Mrs. Evelyn Scholl, librarian at the San Dimas branch, Los Angeles County library.

World-champion aerobatic and racing pilots will perform at the Pomona Valley International Air Races and Show at Brackett Field, adjacent to the Los Angeles County Fair Grounds, Saturday and Sunday, June 8 and 9.

Heading the lineup is world famous aerobatic and race pilot Mira Slovack (also champion hydroplane driver); Art Scholl, leading candidate for world aerobatic honors and celebrated flier who has thrilled audiences from coast to coast and Canada in daredevil flying feats. In one of his stunts, he flies upside down at speeds up to 180 mph as he snatches a thin red ribbon from between two poles only 15 feet

from the ground.

Scholl is the son of the San Dimas librarian.

Other well known racing and stunt pilots on the program include Clay Lacy, former F-86 fighter pilot in Korea, flying his Unlimited P-51 Mustang race plane, Chuck Lyford in an Unlimited Bearcat race plane and Bob Herendeen in a Pitts Special aerobatic plane.

High-speed bi-plane and midget airplane racing over a measured course in full view of the public is one of the features of the day. In addition, Unlimited race planes will stage a demonstration race.

Between racing and aerobatic events, professional skydiving groups will demonstrate

pinpoint landings, air maneuvers and various precision techniques in parachute jumping.

The thrill-packed, three-hour show in which these famous fliers and skydivers will risk life and limb is for sweet charity. Proceeds will go towards establishing a permanent American Aerospace and Military Museum in the Los Angeles area.

Admission is \$2 for adults and \$1 for children between the ages of six and twelve. Parking for thousands of cars is available at the Fair Grounds parking lot.

Sirius, also known as the Dog Star, is the brightest star in the heavens.

### Batson Ave. Improvement

**ROWLAND HEIGHTS** -- A \$6,500 highway improvement project on a 1,600 foot section of Batson Avenue between 5th Avenue and the Pomona Freeway in the Rowland area has been scheduled by the County Road Department.

County Supervisor Frank G. Bonelli indicated that the work is slated to begin during the week of May 13. The improvement will consist of constructing concrete gutter adjacent to the existing curb.

Part of the County Road Department's Road Maintenance Program, the completed project, will reduce maintenance costs, improve roadway drainage and generally add to the operational efficiency of this section of County highway, Bonelli said.

### Cleanliness

Clean leather portions thoroughly before storing ski boots and shoe skates. Then rub in a light coating of petroleum jelly. This protects the leather and keeps it smooth and pliable through months of storage.

Beautiful skin is usually the result of lots of special care, especially if you're a teen. While diet, exercise, rest and immaculate cleanliness play the

most important part in solving the most common teen problem (oil or blemished skin), calamine lotion applied at bedtime will help to dry out blemishes.

#### Inland Bank Sets Reduced Car Loans

POMONA - New interest rates for motor vehicle loans were announced here today by Inland Bank for patrons financing purchases through the Pomona, Claremont or Ontario offices.

Wilson H. Asdel, president, said that new rate of 4 1/2 per cent is the lowest in the region. It will apply to both new and used cars.

The Bank, Mr. Asdel said, will have something else to offer car buffs too: authentic, all-metal scale models of two U.S. motor car classics, the Stanley Steamer and the Baker Electric. In addition to their classic qualities the models also serve as coin banks.

A model will be given free to every patron--still-growing or grown-up--who obtains an auto loan, a home loan or a personal loan from Inland Bank.

#### SPORTS FANS!

**I BET YOU DIDN'T KNOW**

by Ron White

Did you ever realize the vast number of people it takes to stage the Indianapolis 500-mile race? For example, they have a safety patrol of 1,600 men... More than 350 doctors and nurses are on duty... Telephone and telegraph companies furnish some 220 men... There are some 375 men who officiate the race... Drivers, pit crewmen and mechanics number about 500... There are about 350 city, county, state and Speedway City police and deputy sheriffs on duty plus about 250 firemen, hundreds of ushers, ticket-takers, etc., and that's only the beginning... In all, it requires thousands of people to work for the running of just one race.

Here's an auto racing oddity... Can you imagine two cars driving as far as 500 miles over a period of more than three hours in a race -- and then finishing just one second apart!... This oddity happened this year in the Daytona 500-mile race... Cale Yarborough won the race, finishing exactly one-second ahead of the car in second place.

I bet you didn't know... Volvo offers a safety steering column that breaks away during a crash, preventing passenger compartment penetration... Disk brakes on all four wheels. All in all a car of comfort, safety, durability, and economy... Get yours today at:

#### SHORT AND SWEET

The men with the slide rules estimate that over three and one-half billion Christmas cards will be mailed in 1967, a new record. They tell us nearly sixty million American families were remembered by friends and relatives with an average of seventy-five Christmas cards; that there are over fifty thousand different designs available, and interestingly, over 30 per cent of all the Christmas cards are religious in character.

#### Indianapolis Official

SAN DIMAS - Howard Timper, manager of Liberty Ford in San Dimas, leaves this area Wednesday with his wife to fly to Indianapolis for Thursday's Memorial Day races.

Timper is an official observer for the USAC, and tomorrow's races mark the 23rd time he has served in this classic in this capacity.

## Clubs Receive District Awards

The theme of the administration of Mrs. Walter H. Harness, president of the California Federated Women's Clubs, "Service for Progress in Home, Community, Nation, and the World" was amply demonstrated when awards were presented at the recent state convention at the Biltmore Hotel in Los Angeles.

San Gabriel Valley district walked off with their share of awards, one of importance being the Shell Education award of \$500 earned by the Sunset Hacienda Woman's Club. Mrs. Earl Dorn, president, Sunset Hacienda also came first for their work in National Defense. Mrs. Peter Aperl, chairman.

Other district awards were: Citizenship, Mrs. A.F. Nieman, chairman; Drama, Mrs. Virgil P. Reimer, chairman; Home Life, Mrs. Gary Marston, chairman; International Hostess & Nationalities, Mrs. Royal Wilke, chairman; Press and Publicity, Mrs. Willard R. Scott, chairman; and Status of Women, Mrs. E.E.

Paine, Chairman. Recognition was given the district for acquiring 61 new members and for having 42 mother-daughter duos.

Individual club awards were to the Amici, Commerce, and Diamond Bar clubs for their contributions to CARE. Also the Golden Prospectors award for obtaining new members in small clubs to the Amici Woman's Club.

Mrs. Gordon Desmore, who is both district and state art chairman, received a special award from the General Federation for the most outstanding report for leadership in promoting art throughout the State of California. She also received a state award for her report.

Mrs. Lucile Robinson, West Covina Woman's Club was awarded a second place ribbon for her oil painting.

Other art awards were an oil painting to the Woman's Club of Commerce and also one to Diamond Bar for their reports. The paintings were obtained through the Pen-

nies for Art contributions made by various clubs throughout the state. Laurel Edson, a Junior High student, sponsored by Diamond Bar, received a second place ribbon for her painting.

Womanpower contributed by the San Gabriel Valley District contributed substantially to the success of the Convention. Mrs. Frederick S. Lindsey was General Chairman, assisted by Mrs. Gary Marston. Mrs. Anderson was the official hostess with Mrs. C.M. Cottrell, district president as co-hostess.

Decorations for the Golden Awards banquet were noteworthy and typical of our State, golden mission bells and yellow poppies being featured. These were made under the direction of Mrs. Cottrell by Mrs. Elmer Milch, third vice-president, and her committee from the various clubs.

Mrs. Cottrell gave a report of her attendance at the Western States Conference and later summarized the many accomplishments of the clubs of the San Gabriel Valley District for the past year.

## Highway Program Now Complete

The minimum 2-lane roadway on this 0.8-mile section of Puente Avenue was reconstructed and widened to provide a 4-lane, fully-curbed and divided highway with channelization to provide for left-turn movements at the major intersection. Included in the project was the construction of curb, gutter, pavement, walks, retaining walls, roadway drainage facilities and incidental sewer work. In addition, traffic signals and highway safety lighting were

installed at the intersections of Puente Avenue with Amar Road and Temple Avenue.

Also included in the project was the reconstruction of Amar Road in the vicinity of Puente Avenue to provide a 4-lane, fully-curbed and divided highway with channelization for left-turn movements at the intersection. The City of La Puente. Under the terms of an agreement, the City acquired and cleared the necessary right of way

within its jurisdiction and contributed \$91,000 as its share of the project. The County, in addition to administering the construction contract, paid all the remaining costs of the project.

## Everything But The Kitchen Sink Left In Safety Deposit Boxes

Would the lady (or man) who left a black negligee in a bank safety deposit box kindly make a claim, before it falls in the hands of the state controller's office?

It is one of the items that has been stored for safekeeping in safety deposit boxes of California banks.

The items in question are considered as abandoned seven years after the rental on the boxes becomes delinquent, and under the 1959 Uniform disposition of unclaimed property act, banks are required to turn over property to the state controller.

It's those various and sundry items that have the bankers sometimes amazed and often amused.

Some of the more unusual items reported by Bank of America which has some 600,000 rented boxes in 943 branches throughout the state, included these:

Bottles of liquor, unpaid parking tickets, a detective badge, guns, "falsies", shoes, old teeth, silver spoons and forks, and so on.

Under the law the state controller is empowered to authorize the destruc-

tion of worthless property and to auction off items of value. The owners of abandoned property sold by the controller may claim the proceeds from the state.

It is doubtful, however, whether some abandoned items cleared out of bank storage will ever see the auction block. Who, for instance, can appraise the value of a white handkerchief marked with lip-stick?

Does it belong to a wife

holding the goods on her husband, or to a husband too scared to do anything else with it? Or maybe it belongs to a spinster who treasured her only token of romance. Perhaps she is now married and has forgotten about her "secret".

But no matter. Unless it is claimed it will go to the rooms and rooms filled with such assorted items in the state controller's office in Sacramento.

## 'Generation Gap' More Myth Than Reality--USC Instructor

LOS ANGELES - The "Generation Gap" may be more myth than reality in the lives of today's college students and their parents, a University of Southern California social psychologist said today.

Preliminary research conducted by Dr. Vern L. Bengtson shows this to be true—at least in relationships between some USC students and their parents. He said further research involving a large cross-section of the national population, may well yield the same results.

Bengtson said he undertook his research—a measurement of "psychological distance" between generations—to determine if the much-publicized Generation Gap stereotype, with all its implications, is a true phenomenon in contemporary America.

**GRAVE DANGER**  
"If the gap were as great as some writers and commentators say it is," Bengtson said, "the continuity of our culture would be in grave danger."

But his USC survey disclosed no such threat.

In surveying more than 300 men and women undergraduate students at USC, Bengtson found the vast majority feel close to their parents.

The USC students believe communication and understanding between them and their parents is fairly good, and in many if not all ways, their parents treat them as adults, the study revealed.

"These data hint at significant generational continuities rather than breaks in the families of these students," USC's Bengtson said. "The findings are evidence that the Generation Gap stereotype is wrong."

Bengtson, assistant professor of sociology and researcher at the university's Gerontology Center, reported these findings in his USC student survey.

**STILL CLOSE**  
"Four-fifths of the sample, both male and female, perceive their relationship with parents as 'close' rather than 'distant'."

Three-fourths of the students say their parents "understand them in most cases," and 30 per cent

report their parents "almost always understand them."

Almost two-thirds of the students, when asked if their parents accept them as adults, responded "in some ways, yes, but some ways, no." Thirty-two per cent said they feel "accepted as an adult in every way." Only three per cent reported their parents don't accept them at all as adults.

Despite this evidence that the vast majority are not experiencing a Generation Gap in their own lives with their own parents, the majority nevertheless believe there is a "real cleft" between the generations in America, Bengtson said.

**IT EXISTS**  
"Four-fifths of the respondents do think a Generation Gap exists. Three-fourths of them consider this gap is inevitable," he said.

The USC researcher offered a possible explanation of the apparent paradox: "It may be that one sees here the power of mass stereotypes at work."

From the popular press and television, we receive continuous evidence of the differences between youth and their parental generation, which implies a real Generation Gap.

"It isn't true in my own family, but I believe it exists at large," is a way in which one might interpret what these students are saying. Undoubtedly generational differences are overplayed by our communications media. Perhaps the Gap is of their own manufacture."

Bengtson said another explanation may be that generational differences do exist, but they are either unimportant, or perhaps, denied.

"It appears that generational differences in attitudes and behavior do and should exist, but these differences do not seem to be in any sense a major concern or problem for the majority of the respondents," the USC researcher added.

A third possibility, ac-

cording to Bengtson, is that the data represent re-expansion of the research project to survey students at sampling in that USC students tend to have unusually close ties to their parents and parental values.

## Auction Slated By Club

Pomona Emblem Club 196 has scheduled a giant summer auction on June 8 at 4311 Mission Blvd.

A professional auctioneer will conduct the sale with all proceeds for the Elks Cerebral Palsy Fund, LeRoy's Boys Home in La Verne, and Casa Colina Hospital's sensory motor program in the nursery.

Emblem members and Elks Lodge members are busy collecting antiques and household and gift items. Already contributed is an antique wardrobe trunk lined in blue velvet, estimated to be more than 75 years old.

Local merchants will contribute seconds and shopworn new items, according to Dixie Thompson, chairman.

Persons having items to contribute are asked to call Mrs. Bobbie Thompson, Mrs. Cal Stafford and Mrs. Ed Huffaker.

## St. Monica's Guild Installs; Mrs. Vernon Greenwood

Blue and white tapered candles in silver candlestick holders and colorful blue daisies set the scene for the installation ceremonies for the new officers of the St. Monica's Guild of Damien High School.

Mrs. Joseph Visosky, outgoing president, introduced Father Fergus Donnelly to the membership and the mothers of the incoming freshmen, Father Fergus, Public Relations Director of Damien and the guiding light behind St. Monica's Guild, conducted the installation services.

Mrs. Vernon Greenwood of Claremont will take over the duties of the presidency.

Mrs. Greenwood is the mother of three children, past president of the P.T.A. at Our Lady of Assumption, on the Board of Directors of the Catholic Welfare Bureau, and a member of the Inter-

tural Council of Claremont.

Mrs. Greenwood's new board consists of: Mrs. Robert Firth of Pomona, vice - president; Mrs. Thomas O'Hare of Glendora, Ways and Means; Mrs. Miles Graef of San Dimas, Recording Secretary; Mrs. Robert Black, Covina, Corresponding Secretary; Mrs. Joseph Fulvio, Glendora, Treasurer; Mrs. John Lathrop, San Dimas, Auditor; Mrs. Douglas Pierce, San Dimas, Historian; Mrs. John Eckstein, Montclair, School Activities; Mrs. Walter Laband, West Covina, Finance; Mrs. Irvin Debolt, Claremont, Publicity; Mrs. George Montoya, Ontario, Membership; Mrs. Kevin Anderson, Charter Oak, Hospitality; Mrs. Jerome Duffy, Pomona, Spiritual Chairman; Mrs. Richard Cornwell, Claremont, Telephone chairman.

A cake decorated in blue

and white daisies and honoring the outgoing Board was the center of attention at the refreshment table. Outgoing Hospitality Chairman, Mrs. Douglas Pierce, utilized the talents of the outgoing Board and used them for serving coffee and tea.

St. Monica's Guild is an organization consisting of the mothers of the students at Damien High School. The Guild is two years old and has directed all the monies raised in past projects for the foreign language lab at the school and furnishing supplies for the student chapel on campus.

### For Night Out

It's the crepes and velvets, the sequins and satins, the whiffy rounds of ostrich that spell out a night on the town. Tents with fluffy cuffed sleeves, shifts with borders of full feathers and matching trimmed stoles are great holiday fare.

## San Gabriel Valley Water Co. Will Hike Water Rates

LOS ANGELES - The California Public Utilities Commission has granted San Gabriel Valley Water Company authority to increase rates 11.3% for approximately 26,000 customers in its El Monte Division.

The El Monte Division covers portions of El Monte, Bladwin Park, Industry, La Puente, Montebello, Monterey Park, Rosemead, South El Monte, West Covina and vicinity.

The water company had asked the Commission for an 18.7% increase which it claimed would yield an 8% rate of return on investment. The Commission said, however, that an 8% return would be excessive and authorized rates which should bring the company a 6.7% return. At present rates, the company is earning 5.4%.

The longest tunnel in the world is the 85-mile-long West Delaware-New York City water supply tunnel, begun in 1937 and completed in 1945.

## Open House June 9 For TB, Assoc.

Mayors of many communities in the San Gabriel Valley and Pomona area are among civic dignitaries expected to attend the open house of the San Gabriel Valley-Pomona Valley Region of the Tuberculosis and Respiratory Disease Association of Los Angeles County on Sunday, June 9, from 1 to 4 p.m.

The new regional headquarters is located at 236 W. College St., Covina, across from Inter-community Hospital of Covina. Volunteers will utilize the new office to provide health education services, including literature, a speaker's bureau and films, throughout the year and also work on the annual Christmas Seal Campaign.

Highlight of the open house will be tours of the Breathmobile unit though no tests are scheduled for the day. Health exhibits will also be featured, and refreshments will be served, according to Mrs. Jay Davison, chairman of the Open House Committee.

Serving with her are Mmes. Robert Elwell, Alex Krammer and Ed-

ward E. Lawson. Mrs. Krammer is chairman of the East San Gabriel Valley Area, Milton Geiber chairs the west San Gabriel Valley Area, and Mrs. Elwell chairs the Pomona Valley Area. Robert E. Fields is program consultant for the region.

East San Gabriel Valley communities served by the new regional office of the TB and RD Association include Azusa, Baldwin Park, Bassett, Bradbury, Charter Oak, City of Industry, Covina, Glendora, Hacienda Heights, Irwindale, La Puente, West Covina and Rowland Heights.

Pomona Valley Area communities covered by the new office are Claremont, Diamond Bar, LaVerne, Pomona, San Dimas, Spadra, and Walnut.

Southern California business activity remained at an all-time high during April, it was re-

ported today by R.E. Means, Manager, of Security First National Bank's Charter Oak Branch.

Last month's economic performance is estimated at 170.5 on the Index of Business Activity, compiled by the bank's Economic Research Department.

R.E. Means, reported that the preliminary index reading for March is 170.6 and that the final index measurement for February is 170.4.

Business activity has increased by more than nine percent since April of 1967, when the economy measured at 156.2 on the Security business index.

After adjustment for seasonal influences, most of the index's individual components reached higher levels than they held in March. Bank deposits advanced strongly, while more moderate gains were recorded for real estate sales activity (based on deeds recorded) and construction (based on building permit valuation). Department store sales, however, decreased.

Employment remained at a record level during March, the latest month for which statistics are available. On a seasonally adjusted basis, there were 4,675,000 civilians employed in the Southland's nine metropolitan counties.

## Pomona Adult School Lists Summer Classes

An eight-week summer term was announced by Pomona Adult School headquarters today. Dates for registration have been set as June 3 through July 1. The classes will begin July 1 and continue through August 23.

Thurs.: U.S. Government 7-10 p.m. Mon. and Wed.; U.S. History 7-10 p.m. Mon., Tues., Wed., and Thurs.

Office hours at 800 South Garey are 8:30 to 4:30 p.m. Monday through Friday. Evening hours are 7 to 8:30 Monday through Thursday. Persons planning to enroll for classes are urged to register early as classes will be closed when they reach capacity.

## Won by One Vote

The presidential election of 1876 was not decided until 48 hours before the inauguration when the electoral commission awarded Rutherford B. Hayes the presidency by a margin of one electoral vote over Samuel J. Tilden.

## CP Plans Summer Student Program

A full scale program of student activities is being planned for the summer quarter of California State Polytechnic College, Pomona in keeping with the year-round, four - quarter operation, according to Henry House, Dean of Students.

A schedule, currently being developed by Mrs. June Schaefer, Activities Adviser, will include summer lectures, weekly seminars by faculty, trips to community events and professional sports, a film festival, and an all-day family picnic and activity day, July 4.

Some 2,700 students are expected to participate in the eleven-week session which begins June 17 and continues through August 30.

The summer quarter provides opportunities for an accelerated educational program for junior college transfer students, recent high school graduates, entering freshmen and continuing college students in search of summer units. It is not to be confused with brief summer sessions, Dean House points out.

A greater variety of courses than at any time during the six previous summer quarters will be offered.

Aerospace engineering, anthropology, art, and recreation courses are scheduled for the first time.

Some 350 courses in all, covering 49 subjects, are planned.

The college facilities will operate as during the rest of the year—food service, air - conditioned housing for men and wo-

men students, swimming pools and gyms, library and health services and counseling.

**Children of Israel**  
Abraham's grandson, Jacob, who was also called Israel, had 12 sons. The 12 tribes which later made up the Jewish people were the descendants of Israel's sons, hence the term of "Children of Israel," or Israelites, being applied to Jews.

Turpetine and beeswax, mixed to the consistency of thick cream, make a fine protective polish for leather upholstered furniture.

Keep your tape measure neat by winding it on an empty adhesive tape spool and using the cover as a cap.
